REVISED
EDITION

Timothy E. O'Connell

Principles For A Catholic Morality Revised Edition

David Bohr

Principles For A Catholic Morality Revised Edition:

Principles for a Catholic Morality Timothy E. O'Connell, 1978 Completely revised and updated this classic introduction to moral theology in the Roman Catholic tradition speak clearly to anyone interested in understanding what it means to live the Christian life Beginning with a concise definition of the roles of revelation and interpretation in the formation of moral theology O'Connell explores the concept of a moral person the shape and dynamics of a moral world and the implications not only for the individual Christian but for the community as a whole

Principles for a Catholic Morality Timothy E. O'Connell, 1990-04-27 Completely revised and updated this classic introduction to moral theology in the Roman Catholic tradition speak clearly to anyone interested in understanding what it means to live the Christian life Beginning with a concise definition of the roles of revelation and interpretation in the formation of moral theology O'Connell explores the concept of a moral person the shape and dynamics of a moral world and the implications not only for the individual Christian but for the community as a whole

Introduction to Moral Theology Romanus Cessario, 2013 Originally published in 2001 *Introduction to Moral Theology* responded to the need for a new introduction to the basic and central elements of Catholic moral theology written in the light of Veritatis splendor Since then it has become a standard text for students and a reputable resource on such topics as moral theology and the good of the human person created in God's image natural law principles of human action determination of the moral good through objects ends and circumstances and the virtues gifts of the Holy Spirit and the Beatitudes

ABOUT THE SERIES The Catholic Moral Thought series is designed to provide students with a comprehensive presentation of both the principles of Christian conduct and the specific teachings and precepts for fulfilling the requirements of the Christian life Soundly based in the teaching of the Church the volumes set out in depth in a manner and style suitable for scholars students and general readers the basic principles of Catholic moral thought and the application of those principles within areas of ethical concern that are of paramount importance today In its initial phase the series includes an introductory volume and volumes on sexual ethics bioethics and social ethics

ABOUT THE AUTHOR Romanus Cessario OP is professor of systematic theology at St John's Seminary in Brighton Massachusetts He has authored coauthored or edited several books including *The Moral Virtues and Theological Ethics* *A Short History of Thomism and Christian Faith* and *The Theological Life*

PRAISE FOR THE ORIGINAL EDITION *Introduction to Moral Theology* is an auspicious solid beginning for an important new series More than other disciplines moral theology needs to be thought through again and again in the teeth of changing habits symbols and mores Solid not trendy guidelines are needed Michael Novak American Enterprise Institute A learned and traditional Catholic account of Aquinas's vision of the moral life Choice Cessario does a splendid job of introducing the series Essential reading for advanced undergraduate and graduate students of theology First Things A splendid book on moral theology This book depicts in a grand style and well argued fashion what shape reflection on moral theology must take when one embraces moral realism Cessario does not reduce the moral life to will and obligation but

embraces the totality of the human person made in the imago Dei who seeks beatitude as part of a created world Advanced undergraduates seminarians and graduate students will benefit greatly from the fact that Cessario always notifies the reader of areas of significant disagreement and nonetheless provides a reasoned argument for navigating these areas in favor of moral realism The book includes thorough footnotes and an extensive bibliography that provide an excellent starting point for students and scholars alike to deepen their acquaintance with the voluminous secondary literature on St Thomas Aquinas and moral theology Nova et Vetera Cessario has established himself as one of the leading scholars in the field of Roman Catholic moral theology and those expecting to find a probative discussion of the essential features of the Thomistic articulation of that tradition will not be disappointed It is a masterful presentation The work is the product of a master theologian a loyal servant of the church and the efforts required to keep pace with his insights are well worth it There are no viable competitors on the horizon of moral theology Teachers more familiar with the features of that tradition can easily rely on Cessario's work to spawn within the classroom a series of very useful reflections Newcomers will profit from the sweeping and vital *Catholic Moral Tradition, Revised* David Bohr, 2006-02-22 Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin Catholic Moral Tradition Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II Veritatis Splendor and Evangelium Vitae along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church

Christian Ethics Judith Caron, 2001-12-27 Christian Ethics focuses on understanding the relationship between one's ethical self society's rules and the consequences of one's actions It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions Christian Ethics draws from philosophy theology and psychology It considers the roles of personality development conscience formation gender difference religious values and social structures in ethical decision making It probes the questions and dilemmas of good vs evil personal vs communal values authority vs conscience religion vs society and civil vs moral law Examples and case studies drawn from the fields of social medical sexual business political environmental and personal ethics are used throughout the book and illuminate the process for personal decision making **Christian Ethics, Volume 1** Karl-Heinz Peschke, 2012-08-21 This recent edition of Christian Ethics Volume I is a thoroughly revised and updated version of fundamental moral theology As in the previous editions the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture At the same time account is taken of the new developments in the field of ethics New issues of actual concern are taken up such as the deontological and teleological conditions of moral norms the confrontation

between conscience and civil or ecclesiastical law the communal roots of Christian identity the requirement of liberty and the ethical compromise The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end The Public Forum and Christian Ethics Robert Gascoigne,2001 This book addresses the question of the communication of Christian ethics in the public forum of liberal pluralist societies Drawing on debates in philosophy theology and sociological theory it relates the problem of communication to fundamental questions about the nature of liberal societies and the identity of Christian faith and the Christian community With particular emphasis on Kantian and neo Kantian ethics it explores the link between autonomy and community in liberal societies The theology of *communio* expressed in revealed Christian traditions can reconcile autonomy and community Any Christian attempt to communicate this vision must also reflect on Christianity's own identity especially the ways in which its own self consciousness grows in critical interaction with secularity In this light Christian ethical communication is both a witness to a distinctive identity founded in the revelation of the triune God and a vision of universal human solidarity which can reconcile autonomy and community *Attentiveness to Vulnerability* Daniel J. Fleming,2019-04-24 This book is an attempt to develop a dialogue between the philosophy of Emmanuel Levinas Jean Porter's Thomistic theory of the natural law and the virtue of solidarity as expressed in Catholic Social Teaching It seeks to explore the implications that such a dialogue would have for our understanding of moral reasoning Attentiveness to Vulnerability rests on the hypothesis that it is possible to develop a set of robust links between these thinkers and bodies of thought markedly different as they are in terms of philosophical disposition and framework Such links specify the ethical implications of Levinas thought and develop Porter's theory in an original way This work requires further specification through a developed anthropology which allows for expansion within the tradition of Catholic theological ethics The inclusion of Levinas and a focus on the virtue of solidarity allows for an advancement of virtue theory and theological ethics to the extent that the virtue of solidarity becomes a key aspect of any ethical reasoning **Mutuality** Dawn M. Nothwehr,2005-07-25 By selecting as her focus mutuality Nothwehr brings to the fore an issue of perennial importance in Christian social ethics that of power As she shows feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic mutual sharing a sharing that encompasses not only individual relations but society and the natural world She also demonstrates how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure Christine Firer Hinze Associate Professor of Theology Marquette University This book allows mutuality to take its rightful place along with love and justice in Christian social ethics Written with great clarity with excellent scholarship and with the thinking of key historical figures in mind this book focuses on the thinking of four contemporary Christian feminists Beverly Wildung Harrison Carter Heyward Elizabeth Johnson and Rosemary Radford Ruether to show that mutuality is at the heart of ethics But it does more It shows that

mutuality at the heart of the human at the heart of the divine and at the heart of the meeting between the two John J Shea
visiting Associate Professor of Pastoral Care and Counseling Boston College Dawn Nothwehr employs a corrective category
mutuality At first blush the term would seem too tender and nebulous to address the splits in our consciousness but this
theologian brings well informed care to its definition It becomes in her hands a critical tool which can do healing surgery on
many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism
Mutuality calls attention to the essential interdependency of all that is in our cosmos Daniel C Maguire Professor of
Theological Ethics Marquette University **Journal of Moral Theology, Volume 8, Number 1** Rachelle Barina, Nathaniel
