Supernatural Encounters Stephen Gordon,2019-12-06 The belief in the reality of demons and the restless dead formed a central facet of the medieval worldview Whether a pestilent spreading corpse mobilised by the devil a purgatorial spirit returning to earth to ask for suffrage or a shape shifting demon intent on crushing its victims as they slept encounters with supernatural entities were often met with consternation and fear Chroniclers hagiographers sermon writers satirists poets and even medical practitioners utilised the cultural text of the supernatural encounter in many different ways showcasing the multiplicity of contemporary attitudes to death disease and the afterlife In this volume Stephen Gordon explores the ways in which conflicting ideas about the intention and agency of supernatural entities were understood and articulated in different social and literary contexts Focusing primarily on material from medieval England c 1050 1450 Gordon discusses how writers such as William of Malmesbury William of Newburgh Walter Map John Mirk and Geoffrey Chaucer utilised the belief in demons nightmares and

walking corpses for pointed critical effect Ultimately this monograph provides new insights into the ways in which the broad ontological category of the revenant was conceptualised in the medieval world
