From the outset the Mustang represented inspired product planning and design followed by brilliantly executed marketing. Ford's Mustang team effort used every tool in the vehicle marketing toolbox: clever teasers long before the new product went on sale; unprecedented publicity; simple but effective advertising; the stage at the World's Fair; movie placement; distribution of toy plastic models and even a replica pedal car for the young drivers of the future. With a measure of luck it became a classic case of releasing the right product at the right time and Ford sold one million units in less than two years. **Muscle**
