Mutiny At Salerno An Injustice Exposed

Saul David

Mutiny At Salerno An Injustice Exposed:

Mutiny at Salerno, 1943: an Injustice Exposed Saul David, 2018-10-25 A detailed account David is right to stress that the mutiny stemmed from the men's reluctance to fight amongst strangers rather than their reluctance to fight at all and that many of the mutineers preserved a dignified and soldierly attitude throughout the proceedings Richard Holmes TLS In late September 1943 almost 200 veterans of General Montgomery's Eighth Army were arrested for refusing repeated orders to join units of the US Fifth Army at the Salerno beachhead in southern Italy Within six weeks all but one had been found guilty of mutiny their sentences ranging from five years penal servitude to death Fifty years on Saul David became the first military historian to gain access to the court martial papers normally restricted for 75 years In addition to crucial defence documents and the testimony of eye witnesses these papers have enabled Saul David to expose How poorly equipped Eighth Army veterans some still recovering from wounds and illness were needlessly sent as reinforcements to Salerno when Fifth Army men were available How transit camp authorities deliberately deceived the reinforcements as to their destination How the defence team at the trial was forced by lack of time lack of witnesses and the hostility of the court to offer a case based on no evidence and doomed to fail How after the humane intervention of the adjutant general and the suspension of the sentences insensitive staff officers and victimization in their new units caused many mutineers to desert How as a result of their convictions the former war heroes were stripped of their campaign and gallantry medals and branded as cowards Concluding that the men were victims of a terrible injustice *Mutiny at Salerno* provides a compelling case for a free pardon It is a book that no one interested in World War Two will want to miss *Mutiny* has been critically acclaimed An important book Military Illustrated Mr David has added considerably to the knowledge of the Salerno mutiny This book should be read by anyone with an interest in the episode Prof Peter Rowe RUSI Journal A thoroughly enjoyable and interesting book and the author makes his case well Journal of the Royal Military Academy Sandhurst Saul David is Professor of War Studies at the University of Buckingham and the author of several critically acclaimed history books including *The Indian Mutiny 1857* short listed for the Westminster Medal for Military Literature *Prince of Pleasure* *The Prince of Wales and the Making of the Regency* *Zulu The Heroism and Tragedy of the Zulu War of 1879* a Waterstones Military History Book of the Year and most recently *Victoria's Wars The Rise of Empire* He has also written two best selling historical novels set in the wars of the late 19th Century *Zulu* Hart and *Hart of Empire* An experienced broadcaster he has presented and appeared in history programmes for all the major TV channels and is a regular contributor to Radio 4 *Mutiny at Salerno* Saul David, 1995 Using official records and the verbal and written testimony of those involved *Mutiny at Salerno* gives a comprehensive account of the series of high level blunders and deceptions that caused many 8th Army veterans to risk execution *The Force* Saul David, 2019-09-03 Hailed as masterly Wall Street Journal and a monumental achievement Douglas Brinkley this book tells the riveting true story of the group of elite US and Canadian soldiers who sacrificed everything to accomplish a crucial but nearly

impossible WWII mission In December of 1943 as Nazi forces sprawled around the world and the future of civilization hung in the balance a group of highly trained U S and Canadian soldiers from humble backgrounds was asked to do the impossible capture a crucial Nazi stronghold perched atop stunningly steep cliffs The men were a rough and ready group assembled from towns nested in North America s most unforgiving terrain where many of them had struggled through the Great Depression relying on canny survival skills and the fearlessness of youth Brought together by the promise to take part in the military s most elite missions they formed a unique brotherhood tested first by the crucible of state of the art training including skiing rock climbing and parachuting and then tragically by the vicious fighting they would face The early battle in the Italian theatre for the strategic fort cost the heroic U S Canadian commando unit their first special forces unit ever assembled enormous casualties Yet the victory put them in position to continue their drive into Italy setting the stage for the Allies resurgence toward victory in WWII The unit with its vast range of capabilities and mission specific exercises became a model for the Green Berets and other special forces groups that would go on to accomplish America s most challenging undertakings behind enemy lines Knitting first hand accounts seamlessly into the narrative drawing on interviews with surviving members and their families the memoirs letters and diaries of Forcemen and declassified documents in the American Canadian British and German archives The Force tells a story that is as deeply personal as it is inspiring

Fighting the People's War Jonathan Fennell,2019-01-24 Fighting the People s War is an unprecedented panoramic history of the citizen armies of the United Kingdom Australia Canada India New Zealand and South Africa the core of the British and Commonwealth armies in the Second World War Drawing on new sources to reveal the true wartime experience of the ordinary rank and file Jonathan Fennell fundamentally challenges our understanding of the War and of the relationship between conflict and socio political change He uncovers how fractures on the home front had profound implications for the performance of the British and Commonwealth armies and he traces how soldiers political beliefs many of which emerged as a consequence of their combat experience proved instrumental to the socio political changes of the postwar era Fighting the People s War transforms our understanding of how the great battles were won and lost as well as how the postwar societies were forged

Disordered Personalities and Crime David W. Jones,2015-08-13 Disordered Personalities and Crime seeks to better understand how we respond to those individuals who have been labelled at various points in time as morally insane psychopathic or personality disordered Individuals whose behaviour is consistent with these diagnoses present challenges to both the criminal justice system and mental health systems because the people who come to have such diagnoses seem to have a rational and realistic understanding of the world around them but they can behave in ways that suggest they have little understanding of the meaning or consequences of their actions This book argues that an analysis of the history of these diagnoses will help to provide a better understanding of contemporary dilemmas These are categories that have been not only shaped by the needs of criminal justice and the claims of expertise by professionals but also the fears

anxieties and demands of the wider public In this book David W Jones demonstrates us how important these diagnoses have been to the history of psychiatry in its claims for professional expertise and also sheds light on the evolution of the insanity defence and helps explain why it remains a problematic and controversial issue even today This book will be key reading for students researchers and academics who are interested in crime and its relationship to mental disorder and also for those interested in psychiatry and abnormal psychology

The Indian Mutiny Saul David,2003-09-04 A fine achievement by a huge new talent William Dalrymple Sunday Times In 1857 the native troops of the Bengal army rose against their colonial masters The ensuing insurrection was to become the bloodiest in the history of the British Empire Combining formidable storytelling with ground breaking research Saul David narrates a tale at once heart rendingly tragic and extraordinarily compelling David provides new and convincing evidence that the true causes of the mutiny were much more complex and disturbing than previously assumed

Blood, Sweat, and Toil Geoffrey G. Field,2011-11-03 Blood Sweat and Toil is the first scholarly history of the British working class in the Second World War It integrates social political and labour history and reflects the most recent scholarship and debates on social class gender and the forging of identities Geoffrey Field examines the war s impact on workers in the varied contexts of the family military service the workplace local communities and the nation Extensively researched using official documents diaries and letters the records of trade unions and numerous other institutions Blood Sweat and Toil traces the rapid growth of trade unionism joint consultation and strike actions in the war years It also analyses the mobilization of women into factories and the uniformed services and the lives of men conscripted into the army showing how these experiences shaped their aspirations and their social and political attitudes Previous studies of the Home Front have analysed the lives of civilians but they have neglected the importance of social class in defining popular experience and its centrality in public attitudes official policy and the politics of the war years Contrary to accounts that view the war as eroding class divisions and creating a new sense of social unity in Britain Field argues that the 1940s was a crucial decade in which the deeply fragmented working class of the interwar decades was remade achieving new collective status power and solidarity Employing a contingent non teleological conception of class identity and indicating the plural and shifting mix of factors that contributed to workers social consciousness he criticizes recent revisionist scholarship that has downplayed the significance of class in British society

Mutiny and Leadership Keith Grint,2021-04-15 Whenever leadership emerges within a group there will be resistance to that leadership Discontent may manifest in a number of ways and action will always be determined by factors such as resource numbers time space and the legitimacy of the resistance What then turns discontent into mutiny Mutiny is often associated with the occasional mis leadership of the masses by politically inspired hotheads or a spontaneous and unusually romantic gesture of defiance against a uniquely overbearing military superior In reality it is seldom either and usually has far more mundane origins not in the absolute poverty of the subordinates but in the relative poverty of the relationships between leaders and the led in a military situation The roots of

mutiny lie in the leadership skills of a small number of leaders and what transforms that into a constructive dialogue or a catastrophic disaster depends on how the leaders of both sides mobilise their supporters and their networks Using contemporary leadership theory to cast a critical light on an array of mutinies throughout history this book suggests we consider mutiny as a permanent possibility that is further encouraged or discouraged in some contexts From mutinies in ancient Roman and Greek armies to those that toppled the German and Russian states and forced governments to face their own disastrous policies and changed them forever this book covers an array of cases across land sea and air that still pose a threat to military establishments today The critical theoretical line also puts into sharp relief the assumption that oftentimes people have little choice in how they respond to circumstances not of their own making If mutineers could choose to resist what they saw as tyranny then so can we

Naples 1944 Keith Lowe, 2025-03-11 Award winning author Keith Lowe's newest critical deep dive into the history of Naples during WWII Keith Lowe has chronicled the end of WWII in Europe in his award winning book *Savage Continent* and the war's aftermath in the sequel *The Fear and the Freedom* In *Naples 1944* he brings readers another masterful chronicle of the terrible and often unexpected consequences of war Even before the fall of Mussolini Naples was a place of great contrasts filled with palaces and slums beloved cuisine and widespread hunger After the Allied liberation these contrasts made the city instantly notorious Compared to the starving population Allied soldiers were staggeringly wealthy For a packet of cigarettes even the lowest ranks could buy themselves a watch a new suit or a woman for the night As the biggest port in Allied hands Naples quickly became the center of Italy's black market and has remained so ever since Within just a few months the Camorra began to re-establish itself Behind the chaos and the corruption there was always the threat of violence Army guns were looted and traded Gangs of street kids fought running battles with the military police Public buildings booby trapped by departing Germans began to explode seemingly spontaneously Then in March 1944 like an omen Vesuvius erupted Naples was the first major European city to be liberated by the Allies What they found there would set a template for the whole of the rest of Europe in the years to come *Keith Lowe's Naples 1944* is a page turning book about a city on the brink of chaos and glimpse into the dark heart of postwar Italy

An Unpatriotic History of the Second World War James Heartfield, 2012-09-28 The Second World War was not the Good War of legend James Heartfield explains that both Allies and Axis powers fought for the same goals territory markets and natural resources

This is likewise one of the factors by obtaining the soft documents of this **Mutiny At Salerno An Injustice Exposed** by online. You might not require more time to spend to go to the books creation as competently as search for them. In some cases, you likewise realize not discover the statement Mutiny At Salerno An Injustice Exposed that you are looking for. It will very squander the time.

However below, subsequent to you visit this web page, it will be hence no question easy to acquire as competently as download lead Mutiny At Salerno An Injustice Exposed

It will not consent many era as we notify before. You can pull off it while perform something else at house and even in your workplace. in view of that easy! So, are you question?
