Gods of Desterrados & the Vengeance of Tunui Realm Jeannie Mane,2020-11-20 The chorus of frightening voices began to cackle maniacally and chanted in a strange language Diana picked up the fruit but dropped it when it burned her hand to the touch To Greta s horror an upside down cross was beginning to sear into the palm of Diana s hand Her eyes were solid white before she crumpled to the ground AHHH FRESH MEAT SO SWEET WE LL MAKE THE GODDESS PURR PURR PURR sniggered the evil being in a cacophony of guttural sounds It took all the courage inside Greta to leap onto the levitated bed While she struggled with the entity possessing her teammate she was amazingly able to force the blood amulet over the demon s neck In that instant the bed slammed to the ground Diana sat up looking quite dazed as well Greta inspected them before breaking her silence Are you both okay Shade was sobbing What happened Why am I tied up Please untie me I m so scared Diana was about to release Shade but Greta immediately grew concerned She wisely chose to keep it to herself because Diana still had the telling mark on her hand I need to get Priest He s the only person who can fix this issue religiously

A Brief Guide to Ghost Hunting Leo Ruickbie,2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more
