

Learning to Crochet

Just follow these basic steps and you'll be crocheting in no time at all!

Crocheting is fun and creative. Crocheting will give you years of enjoyment and the repetitive nature of crochet is a proven stress reducer. Plus, the variety of stitches, patterns and materials available to crocheters makes crocheting a wonderful outlet for your creativity. So, whether you're looking to add the latest fashions to your wardrobe or dress up your home in style, crocheting will fit into your lifestyle before you start. Find a comfortable chair in good light, head through the steps before you start. As with any new skill, learning to crochet requires equal measures of patience and perseverance. Remember, you should have fun. If you get stuck, take a deep breath, but keep at it.

Getting a Grip

Crochet is a method of creating fabric from yarn or thread by using a hook and a ball of yarn. The hook is generally held in the right hand as shown. Some folks can learn to crochet this way or they can reverse the instructions. There are two basic "hooks" (the whichever method best, more comfortable to you).

1

Basic Method

In the **basic method**, place your right hand over the hook and grip it between your thumb and index finger as shown. The left hand is used to control the yarn and to hold the fabric as they are created.

2

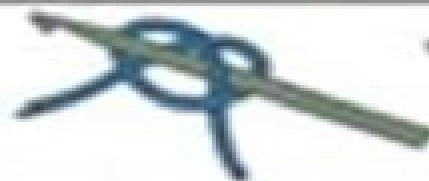

Second Method

In the **second method**, you hold the hook as you would a pencil, gripping the hook between your thumb and index finger.

Let's Start at the Beginning

Chaining is the term for making the foundation row of stitches on your hook. To begin you make a **slip knot**.

3

Slip Knot

Put the yarn around from the center of the ball under a fore finger of your left hand. Then slide the ball to the right so that the end of the ball yarn is between the end of the left fore finger. Behind the loop insert your hook into the loop. Grasp up the yarn in the back of the loop with the tip of your hook. Pull it through the front of the loop. Gently pull the ball yarn to tighten loop around the hook. This is your first stitch.

Time to Chain Stitch

4

Chain Stitch

Hold the hook in your right hand and loop the yarn from the ball over your left index finger. Hold the end of the slip knot between the thumb and middle finger of your left hand with your left index finger wrap the yarn back head to foot around the shaft of the hook. Use the hook to draw the yarn through the loop on the hook - one chain is now made.
