Painting In Late Medieval And Renaissance Siena 1260 1555:

Painting in Late Medieval and Renaissance Siena, 1260-1555 Diana Norman, 2003-01-01 The city of Siena one of Italy's major artistic centers was home to many celebrated painters among them Duccio Simone Martini Ambrogio and Pietro Lorenzetti Sassetta and Beccafumi This generously illustrated book provides a survey of Sienese painting from 1260 to 1555 an era of extraordinary artistic creativity in the Tuscan city Art historian Diana Norman addresses the style and artistic technique of Sienese painters throughout the three centuries and explores why paintings were made where they were originally seen and how they were used and enjoyed by their audiences The book focuses on works of art made for Siena itself many of which are still to be seen within the city Norman organizes the discussion around types of commissions and throughout the book situates the paintings within the context of the political social and religious circumstances of late medieval and renaissance Siena Art as Politics in Late Medieval and Renaissance Siena Timothy B. Smith, 2017-07-05 In *Art as Politics in Late Medieval and Renaissance Siena* contributors explore the evolving relationship between image and politics in Siena from the time of the city state's defeat of Florence at the Battle of Montaperti in 1260 to the end of the Sienese Republic in 1550 Engaging issues of the politicization of art in Sienese painting sculpture architecture and urban design the volume challenges the still prevalent myth of Siena's cultural and artistic conservatism after the mid fourteenth century Clearly establishing uniquely Sienese artistic agendas and vocabulary these essays broaden our understanding of the intersection of art politics and religion in Siena by revisiting its medieval origins and exploring its continuing role in the Renaissance Siena Fabrizio Nevola, 2007-01-01 Weaving together social political economic and architectural history this book explores the role of key patrons in Siena's urban projects including Pope Pius II Piccolomini and his family and the quasi despot Pandolfo Petrucci The Art and Government Service of Francesco di Bartolomeo Alfei (c. 1421 - c. 1495) Anabel Thomas, 2025-10-01 In 1454 the Sienese painter Francesco di Bartolomeo Alfei faced litigation from the Mercanzia in Siena for defaulting on a contract from one of the leading Franciscan confraternities in the city Two fellow Sienese artists Giovanni di Paolo and Sano di Pietro had recently completed a new altarpiece for the same entity Anabel Thomas considers how the two commissions were linked and questions why Francesco di Bartolomeo Alfei's brief to fresco the confraternity chapel remained unfinished In a wide ranging analysis of mainly unpublished records focussing on the artist's association with key members of Sienese society fellow artisans and government officials Thomas concludes that Francesco di Bartolomeo Alfei might have honoured his contract had he not become immersed in the military strategy diplomacy and visual propaganda of the Republic of Siena The Virtual Liturgy and Ritual Artifacts in Medieval and Early Modern Studies Katharine Scherff, 2023-03-03 Examining the history of altar decorations this study of the visual liturgy grapples with many of the previous theoretical frameworks to reveal the evolution and function of these ritual objects Using an interdisciplinary approach this book uses traditional art historical methodologies and media technology theory to reexamine ritual objects

Previous analysis has not considered the in between nature of these objects as deliberate and virtual conduits to the divine The liturgy the altarpiece the altar environment relics and their reliquaries are media In a series of case studies several objects tell a different story about culture and society in medieval Europe In essence they reveal that media and media technologies generate and modulate the individual and collective structure of feelings of sacredness among assemblages of humans and nonhumans The book will be of interest to scholars working in art history medieval studies early modern studies and architectural history Angels and the Order of Heaven in Medieval and Renaissance Italy Meredith J. Gill,2014-09-22 This book examines the role of angels in medieval and Renaissance art and religion from Dante to the Counter Reformation

The Unintended Reformation Brad S. Gregory,2015-11-16 In a work as much about the present as the past Gregory identifies the unintended consequences of the Reformation for the modern condition a hyperpluralism of beliefs intellectual disagreements that splinter into fractals of specialized discourse the absence of a substantive common good and the triumph of capitalism s driver consumerism **The Power of Images** Patrick Boucheron,2018-05-29 Where can the danger be lurking Two soldiers are huddled together one gazing up at the sky the other darting a sideward glance They derive a tacit reassurance from their weapons but they are both in their different ways alone and scared They were painted by Ambrogio Lorenzetti in the Palazzo Pubblico in Siena and they seem symptomatic of a state of emergency the year was 1338 and the spectre of the signoria of rule by one man was abroad in the city undermining the very idea of the common good In this book distinguished historian Patrick Boucheron uncovers the rich social and political dimensions of the iconic Fresco of Good Government He guides the reader through Lorenzetti s divided city where peaceful prosperity and leisure sit alongside the ever present threats of violence war and despotism Lorenzetti s painting reminds us crucially that good government is not founded on the wisdom of principled or virtuous rulers Rather good government lies in the visible and tangible effects it has on the lives of its citizens By subjecting it to scrutiny we may at least for a while be able to hold at bay the dark seductions of tyranny From fourteenth century Siena to the present *The Power of Images* shows the latent dangers to democracy when our perceptions of the common good are distorted and undermined It will appeal to students and scholars in art history politics and the humanities as well as to anyone interested in the nature of power *Medieval Clothing and Textiles 19* Melanie Schuessler Bond,Cordelia Warr,2025-06-03 The best new research on medieval clothing and textiles drawing from a range of disciplines The essays collected here continue to showcase the Journal s wide ranging and eclectic tradition The topics addressed are the sensory perceptions of textiles in Early Medieval Britain evidence of the global textile trade as reflected in church facades in Lucca Italy the ways in which spinning and weaving in late medieval Cologne influenced the presentation of the cult of the Eleven Thousand Virgins within the city sumptuary legislation in thirteenth century Montauban in the Occitan region of Southern France visual representations of male underwear in northern European art and the late sixteenth and early seventeenth century trade in knitted jersey stockings in Norwich and Yarmouth *The World of St. Francis of*
