Palestine Inside Out An Everyday Occupation:

Palestine Inside Out Saree Makdisi, 2010-04-12 A compelling account and a reminder that a true peace can be built only on justice Desmond M Tutu Tending one's fields visiting a relative going to the hospital for ordinary Palestinians such activities require negotiating permits and passes curfews and closures sterile roads and seam zones bureaucratic hurdles ultimately as deadly as outright military incursion In *Palestine Inside Out* Saree Makdisi draws on eye opening statistics academic histories UN reports and contemporary journalism to reveal how the peace process institutionalized Palestinians loss of control over their inner and outer lives and argues powerfully and convincingly for a one state solution

Historiography, Empire and the Rule of Law Ian Duncanson, 2011-10-06 *Historiography Empire and the Rule of Law* considers the intersection of these terms in the historical development of what has come to be known as the rule of law The book will be invaluable for all those engaged in research and the postgraduate study of socio legal and constitutional studies and early modern and modern history

Against Apartheid Bill V. Mullen, Ashley Dawson, 2015-11-02 Focusing on the complicity of Israeli universities in maintaining the occupation of Palestine and on the repression of academic and political freedom for Palestinians *Against Apartheid* powerfully explains why scholars and students throughout the world should refuse to do business with Israeli institutions This rich collection of essays is a handbook for scholars and activists

Žižek on Race Zahi Zalloua, 2020-02-20 Slavoj Žižek's prolific comments on anti-Semitism Islamophobia scapegoating popular nationalism the refugee crisis Eurocentrism the War on Terror neocolonialism global justice and rioting comprise a dizzying array of thinking But what can we pull out of his various writings and commentaries on race in the contemporary world Is there anything approaching a Žižekian philosophy of race Zahi Zalloua argues here that there is and that the often polemical style of Žižek's pronouncements shouldn't undermine the importance and urgency of his work in this area Zalloua not only examines Žižek's philosophy of race but addresses the misconceptions that have arisen and some of the perceived shortcomings in his work to date Žižek on Race also puts Žižek in dialogue with critical race and anti colonial studies dwelling on the sparks struck up by this dialogue and the differences gaps and absences it points up Engaging Žižek's singular contribution to the analysis of race and racism Žižek on Race both patiently interrogates and critically extends his direct comments on the topic developing more fully the potential of his thought In a response to the book Žižek boldly reaffirms his theoretical stance clarifying further his often difficult to work out positions on some of his more controversial pronouncements

Rethinking Statehood in Palestine Leila H. Farsakh, 2021-10-26 A free open access ebook is available upon publication Learn more at www.luminosoa.org The quest for an inclusive and independent state has been at the center of the Palestinian national struggle for a very long time This book critically explores the meaning of Palestinian statehood and the challenges that face alternative models to it Giving prominence to a young set of diverse Palestinian scholars this groundbreaking book shows how notions of citizenship sovereignty and nationhood are being rethought within the broader context of decolonization

Bringing forth critical and multifaceted engagements with what modern Palestinian self determination entails Rethinking Statehood sets the terms of debate for the future of Palestine beyond partition *Unfree in Palestine* Nadia Abu-Zahra, Adah Kay, 2012-11-09 This book reveals the role played by identity documents in Israel's apartheid policies towards the Palestinians from the red passes of the 1950s to the orange green and blue passes of today The authors chronicle how millions of Palestinians have been denationalised through the bureaucratic tools of census population registration blacklisting and a discriminatory legal framework They show how identity documents are used by Israel as a means of coercion extortion humiliation and informant recruitment Movement restrictions tied to IDs and population registers threaten Palestinian livelihoods freedom of movement and access to basic services such as health and education *Unfree in Palestine* is a masterful expose of the web of bureaucracy used by Israel to deprive the Palestinians of basic rights and freedoms and calls for international justice and inclusive security in place of discrimination and division *A Concise History of the Middle East* Ibrahim Al-Marashi, Arthur Goldschmidt Jr., 2018-09-03 *A Concise History of the Middle East* provides a comprehensive introduction to the history of this turbulent region Spanning from pre Islam to the present day it explores the evolution of Islamic institutions and culture the influence of the West modernization efforts in the Middle East the struggle of various peoples for political independence the Arab Israel conflict the reassertion of Islamic values and power the issues surrounding the Palestinian Question and the Middle East post 9 11 and post Arab uprisings The twelfth edition has been fully revised to reflect the most recent events in and concerns of the region including the presence of ISIS and other non state actors the civil wars in Syria and Yemen and the refugee crisis New parts and part timelines will help students grasp and contextualize the long and complicated history of the region With updated biographical sketches and glossary and a new concluding chapter this book remains the quintessential text for students of Middle East history *Visual Occupations* Gil Z. Hochberg, 2015-05-17 In *Visual Occupations* Gil Z Hochberg shows how the Israeli Occupation of Palestine is driven by the unequal access to visual rights or the right to control what can be seen how and from which position Israel maintains this unequal balance by erasing the history and denying the existence of Palestinians and by carefully concealing its own militarization Israeli surveillance of Palestinians combined with the militarized gaze of Israeli soldiers at places like roadside checkpoints also serve as tools of dominance Hochberg analyzes various works by Palestinian and Israeli artists among them Elia Suleiman Rula Halawani Sharif Waked Ari Folman and Larry Abramson whose films art and photography challenge the inequity of visual rights by altering queering and manipulating dominant modes of representing the conflict These artists creation of new ways of seeing such as the refusal of Palestinian filmmakers and photographers to show Palestinian suffering or the Israeli artists exposure of state manipulated Israeli blindness offers a crucial gateway Hochberg suggests for overcoming and undoing Israel's militarized dominance and political oppression of Palestinians **The Case for Sanctions Against Israel**, 2012-05-02 In July 2011 Israel passed legislation outlawing the public support of boycott activities against

the state corporations and settlements adding a crackdown on free speech to its continuing blockade of Gaza and the expansion of illegal settlements Nonetheless the campaign for boycott divestment and sanctions BDS continues to grow in strength within Israel and Palestine as well as in Europe and the US This essential intervention considers all sides of the movement including detailed comparisons with the South African experience and contains contributions from both sides of the separation wall along with a stellar list of international commentators

Tolerance Is a Wasteland Saree Makdisi, 2022-04-05 How denial sustains the liberal imagination of a progressive and democratic Israel The question that this book aims to answer might seem simple how can a violent project of dispossession and discrimination be imagined felt and profoundly believed in as though it were the exact opposite an embodiment of sustainability multicultural tolerance and democratic idealism Despite well documented evidence of racism and human rights abuse Israel has long been embraced by the most liberal sectors of European and American society as a manifestation of the progressive values of tolerance plurality inclusivity and democracy and hence a project that can be passionately defended for its lofty ideals *Tolerance Is a Wasteland* argues that the key to this miraculous act of political alchemy is a very specific form of denial Here the Palestinian presence in and claim to Palestine is not simply refused or covered up but negated in such a way that the act of denial is itself denied The effects of destruction and repression are reframed inverted into affirmations of liberal virtues that can be passionately championed In *Tolerance Is a Wasteland* Saree Makdisi explores many such acts of affirmation and denial in a range of venues from the haunted landscape of thickly planted forests covering the ruins of Palestinian villages forcibly depopulated in 1948 to the theater of pinkwashing as Israel presents itself to the world as a gay friendly haven of cultural inclusion to the so called Museum of Tolerance being built on top of the ruins of a Muslim cemetery in Jerusalem which was methodically desecrated in order to clear the space for this monument to human dignity *Tolerance Is a Wasteland* reveals the system of emotional investments and curated perceptions that makes this massive project of cognitive dissonance possible
