Messiaen Perspectives 2: Techniques, Influence and Reception Robert Fallon, 2016-04-22 Focusing on Messiaen's relation to history both his own and the history he engendered the Messiaen Perspectives volumes convey the growing understanding of his deep and varied interconnections with his cultural milieu. Messiaen Perspectives 1 Sources and Influences examines the genesis sources and cultural pressures that shaped Messiaen's music. Messiaen Perspectives 2 Techniques Influence and Reception analyses Messiaen's compositional approach and the repercussions of his music. While each book offers a coherent collection in itself together these complementary volumes elucidate how powerfully Messiaen was embedded in his time and place and how his music resonates ever more today. Messiaen Perspectives 2 Techniques Influence and Reception explores Messiaen's imprint on recent musical life. The first part scrutinizes his compositional technique in terms of counterpoint, spectralism and later piano music while the second charts ways in which Messiaen's influence is manifest in the music and careers of Ohana, Xenakis, Murail and Quebecois composers. The third part includes case studies of Messiaen's reception in Italy, Spain and the USA. The volume also includes an ornithological catalogue of Messiaen's birds, collates information on the numerous tombeaux pieces he inspired and concludes with a Critical Catalogue of Messiaen's Musical Works. **The**

Acehnese Language and Society: Language and Linguistics Maya Safhida, dkk, 2022-10-27 Indonesia is a pluralistic nation consisting of various ethnic groups throughout the country. Each tribe has its own language to communicate both among ethnic and inter ethnic groups. Language has an important role as a means of communication for humans to convey their intentions and ideas and express themselves in interactions in society. The Acehese language is one of the regional languages in Aceh Province, one of the provinces out of 37 provinces in Indonesia. This language is one of the languages with the largest number of speakers in the province. It dominates in the acquisition of the language of the people in Aceh. However, until now few people know about the fundamentals of the Acehese language. Structurally the Acehese language has many unique features. One of its uniqueness is the phonological aspect or the sound of the language. The Acehese language has a higher number of phonemes when compared to other regional languages in Aceh, even Indonesian. Another of its uniqueness, for example, is in the aspect of vocabulary and how some word differences are seen in the varieties of Acehese spoken throughout the province, country and even those speakers who reside in other countries. There are also many social factors in Acehese society that affect the meaning of a particular word or phrase in this language. Therefore, we had invited researchers and practitioners to contribute to writing the book *The Acehese Language and Society* as part of the Universitas Syiah Kuala Press Book Series Language and Linguistics. **Pastoral Drama in Early Modern Italy** Lisa
