Discourses of Religion and Secularism in Religious Education Classrooms Karin Kittelmann

Flensner, 2017-07-07 This book answers the question on how students and teachers talk about religion when the mandatory and nonconfessional school subject of Religious Education is on the schedule in the world s most secular country To do this it analyses discourses of religion as they occur in the classroom practice It is based on findings from participant observation of Religious Education lessons in several upper secondary schools in Sweden The book discusses different aspects of the role and function of nonconfessional integrative Religious Education in an increasingly pluralistic multireligious yet also secularized society at a general level It looks at the religious landscape different perspectives on school subjects various models and the development of Religious Education and discourses of religion of a secularist spiritual and nationalistic

nature Religious Education is a school subject that manoeuvres in the midst of a field that on the one hand concerns crucial knowledge in a pluralistic society and on the other hand deals with highly contested questions in a society characterized by diversity and secularity In the mandatory integrative and non confessional school subject of Religious Education in Sweden all students are taught together regardless of religious or secular affiliation The subject deals with major world religions important non religious worldviews and ethics from a non confessional perspective Thus in the classroom individuals who identify with diverse religious and non religious worldviews with a different understanding of what religion could be and what it might mean to be religious are brought together The book examines questions raised in this pluralistic context What discourses of religion become hegemonic in the classroom How do these discourses affect the possibility of reaching the aim of Religious Education which concerns understanding and respect for different ways of thinking and living in a society characterized by diversity

The World's Best Thin Books, Revised Joni Richards Bodart, 2000-05-09 The book report is due and panic sets in A THIN book is the ticket But perhaps a THINNER book Or the THINNEST book of all And how to pick one quickly that will be interesting Students teachers and librarians will love this handy little volume that describes 100 titles recommended for middle and high school students Readable attention grabbing all are less than 200 pages Each entry lists title and author provides information on characters plot and action and even suggests topics to cover in a book report Librarians and teachers will appreciate the inclusion of curricular areas and readability indexes and students will find the appendix on approaches to writing a book report or booktalk a real gold mine Five indexes make locating the perfect title a breeze The genre index guides you to the kind of book you want to read The subject index lists dozens of subjects from adoption to writing divorce to time travel The readability index guides you to the quick reads or thoughtful novels If you have a favorite author or already know of a novel you want to read there is the author or title index Finally the curriculum index allows you to look for a book for a particular class
