Dougie Lampkin's superb autobiography gives a unique insight into one of motorsport's most famous dynasties as well as revealing the inspiration that led him to become an online sensation thanks to his extraordinary Red Bull stunts. When Dougie Lampkin was born his father had placed a motorcycle next to his cot before he returned from hospital. If anyone can say that they were destined for a career in motorbiking it was him. So far nine members of the Lampkin family have competed at a high level of the sport but it was Dougie who set new standards winning seven consecutive outdoor world titles and five indoor world titles earning him the MBE at the age of 25. Off road motorcycling continues to grow in popularity with more than 100 000 people taking part in the UK alone and millions more following online or on television. In this superb memoir Lampkin brings the excitement of his sport vividly to life. He also shares the behind the scenes drama behind some of his most famous Red Bull challenges such as the day he took his trials bike for a ride through Red Bull's Formula One factory with Christian Horner looking on in sheer amazement as he rode his bike over a multi million pound F1 car leaving it without a scratch. To date almost 12 million people have watched this episode on YouTube. For anyone who enjoyed the books of Guy Martin or Michael Dunlop *Trials and Error* is a compelling read and one ride you won't want to miss. *Efficient*

Reinforcement Learning Using Gaussian Processes Marc Peter Deisenroth, 2010. This book examines Gaussian processes in both model based reinforcement learning (RL) and inference in nonlinear dynamic systems. First we introduce PILCO a fully Bayesian approach for efficient RL in continuous valued state and action spaces when no expert knowledge is available. PILCO takes model uncertainties consistently into account during long term planning to reduce model bias. Second we propose principled algorithms for robust filtering and smoothing in GP dynamic systems. **Creative Clowning, Fourth Edition** Bruce Fife, Tony Blanco, Steve Kissell, Bruce Johnson, Ralph Dewey, Hal Diamond, Jack Wiley, Gene Lee, 2015-07-10.
