Chaney, 2019-08-27 Robertson and Chaney examine how the early antecedents of police brutality like plantation overseers the lynching of African American males early race riots the Rodney King incident and the Los Angeles Rampart Scandal have directly impacted the current relationship between communities of color and police Using a phenomenological framework they analyze how African American college students perceive police to determine how race

gender and education create different realities among a demographic Based on their qualitative and quantitative findings Robertson and Chaney offer recommended policies and strategies for police and communities to improve relationships and perceptions between the two

Rethinking Racial Justice Andrew Valls, 2018-08-23 The racial injustice that continues to plague the United States couldn't be a clearer challenge to the country's idea of itself as a liberal and democratic society where all citizens have a chance at a decent life Moreover it raises deep questions about the adequacy of our political ideas particularly liberal political theory to guide us out of the quagmire of inequality So what does justice demand in response What must a liberal society do to address the legacies of its past and how should we aim to reconceive liberalism in order to do so In this book Andrew Valls considers two solutions one posed from the political right and one from the left From the right is the idea that norms of equal treatment require that race be treated as irrelevant in other words that public policy and political institutions be race blind From the left is the idea that race conscious policies are temporary and are justifiable insofar as they promote diversity This book takes issue with both of these sets of views and therefore with the constricted ways in which racial justice is debated in the United States today Valls argues that liberal theory permits and in some cases requires race conscious policies and institutional arrangements in the pursuit of racial equality In doing so he aims to do two things first to reorient the terms of racial justice and secondly to make liberal theory confront its tendency to ignore race in favor of an underspecified commitment to multiculturalism He argues that the insistence that race conscious policies be temporary is harmful to the cause of racial justice defends black dominated institutions and communities as a viable alternative to integration and argues against the tendency to subsume claims for racial justice particularly as they regard African Americans under more general arguments for diversity

Power, Community, and Racial Killing in East St. Louis M. McLaughlin, 2005-11-27 Malcolm McLaughlin's work presents a detailed analysis of the East St Louis race riot in 1917 offering new insights into the construction of white identity and racism He illuminates the world of East St Louis life in its factories and neighborhoods its popular culture and City Hall politics to place the race riot in the context of the city's urban development

The Rosewood Massacre Edward González-Tennant, 2019-09-16 The Rosewood Massacre investigates the 1923 massacre that devastated the predominantly African American community of Rosewood Florida The town was burned to the ground by neighboring whites and its citizens fled for their lives None of the perpetrators were convicted Very little documentation of the event and the ensuing court hearings survives today

At the Altar of Lynching Donald G. Mathews, 2018 Offers a new interpretation of the lynching of Sam Hose through the lens of the religious culture in the evangelical American South

The Marcus Garvey and Universal Negro Improvement Association Papers, Volume XII Marcus Garvey, 2014-09-29 Volume XII of the Marcus Garvey and Universal Negro Improvement Association Papers covers a period of twelve months from the opening of the UNIA's historic first international convention in New York in August 1920 to Marcus Garvey's return to the United States in July 1921 after an extended tour of Cuba Jamaica Panama

Costa Rica and Belize In many ways the 1920 convention marked the high point of the Garvey movement in the United States while Garvey s tour of the Caribbean in the winter and spring of 1921 registered the greatest outpouring of popular support for the UNIA in its history The period covered in the present volume was the moment of the movement s political apotheosis as well as the moment when the finances of Garvey s Black Star Line went into free fall Volume XII highlights the centrality of the Caribbean people not only to the convention but also to the movement The reports to the convention discussed the range of social and economic conditions obtaining in the Caribbean particularly their impact on racial conditions The quality of the discussions and debates were impressive Contained in these reports are some of the earliest and most clearly enunciated statements in defense of social and political freedom in the Caribbean These documents form an underappreciated and still underutilized record of the political awakening of Caribbean people of African descent
