Candido, 2022-09-29 Exploring the multifaceted history of dispossession consumption and inequality in West Central Africa Mariana P Candido presents a bold revisionist history of Angola from the sixteenth century until the Berlin Conference of 1884 5 Synthesising disparate strands of scholarship including the histories of slavery land tenure and gender in West Central Africa Candido makes a significant contribution to ongoing historical debates She demonstrates how ideas about dominion and land rights eventually came to inform the appropriation and enslavement of free people and their labour By centring the experiences of West Central Africans and especially African women this book challenges dominant historical narratives and shows that securing property was a gendered process Drawing attention to how archives obscure African forms of knowledge and normalize conquest Candido interrogates simplistic interpretations of ownership and pushes for the decolonization of African history *Afro-Latin American Studies* Alejandro de la Fuente, George Reid Andrews, 2018-04-26 Alejandro de la Fuente and George Reid Andrews offer the first systematic book length survey of humanities and social science scholarship on the exciting field of Afro Latin American studies Organized by topic these essays synthesize and present the current state of knowledge on a broad variety of topics including Afro Latin American music religions literature art history political thought social movements legal history environmental history and ideologies of racial inclusion This volume connects the region s long history of slavery to the major political social cultural and economic developments of the last two centuries Written by leading scholars in each of those topics the volume provides an introduction to the field of Afro Latin American studies that is not available from any other source and reflects the disciplinary and thematic richness of this emerging field **Global Indios** Nancy E. van Deusen, 2015-06-12 In the sixteenth century hundreds of thousands of indios indigenous peoples from the territories of the Spanish empire were enslaved and relocated throughout the Iberian world Although various laws and decrees outlawed indio enslavement several loopholes allowed the practice to continue In *Global Indios* Nancy E van Deusen documents the more than one hundred lawsuits between 1530 and 1585 that indio slaves living in Castile brought to the Spanish courts to secure their freedom Because plaintiffs had to prove their indio ness in a Spanish imperial context these lawsuits reveal the difficulties of determining who was an indio and who was not especially since it was an all encompassing construct connoting subservience and political personhood and at times could refer to people from Mexico Peru or South or East Asia Van Deusen demonstrates that the categories of free and slave were often not easily

defined and she forces a rethinking of the meaning of indio in ways that emphasize the need to situate colonial Spanish American indigenous subjects in a global context
