Unmasking Ravel Peter Kaminsky, 2011 Unmasking Ravel New Perspectives on the Music fills a unique place in Ravel studies by combining critical interpretation and analytical focus From the premiere of his works up to the present Ravel has been associated with masks and the related notions of artifice and imposture This has led scholars to perceive a lack of depth in his music and consequently to discourage investigation of his musical language This volume balances and interweaves these modes of inquiry Part 1 Orientations and Influences illuminates the sometimes contradictory aesthetic biographical and literary strands comprising Ravel s artistry and our understanding of it Part 2 Analytical Case Studies engages representative works from Ravel s major genres using a variety of methodologies focusing on structural process and his complex relation to stylistic convention Part 3 Interdisciplinary Studies integrates musical analysis and art criticism semiotics and psychoanalysis in creating novel methodologies Publisher description **Sentimental Education, Complete** Gustave Flaubert, 2016-01-18 Chapter I A Promising Pupil On the 15th of September 1840 about six o clock in the morning the Ville de Montereau just on the point of starting was sending forth great whirlwinds of smoke in front of the Quai St Bernard People came rushing on board in breathless haste The traffic was obstructed by casks cables and baskets of linen The sailors answered nobody People jostled one another Between the two paddle boxes was piled up a heap of parcels and the uproar was drowned in the loud hissing of the steam which making its way through the plates of sheet iron enveloped everything in a white cloud while the bell at the prow kept ringing continuously At last the vessel set out and the two banks of the river stocked with warehouses timber yards and manufactories opened out like two huge ribbons being unrolled A young man of eighteen with long hair holding an album under his arm remained near the helm without moving Through the haze he surveyed steeples buildings of which he did not know the names then with a parting glance he took in the le St Louis the Cit N tre Dame and presently as Paris disappeared from his view he heaved a deep sigh
