[Experiencing the Beatles](#) Brooke Halpin, 2017-10-06 Starting an undeniable revolution the Beatles took pop culture by storm, shook up the recording industry and provided a soundtrack for the lives of millions of American teenagers. No band would ever come close to the mania inspired by these four Liverpudlian exports. Brooke Halpin takes readers on a comprehensive tour behind the masterful instrumentation, timeless yet sometimes mysterious lyrics and experimental recording techniques of the Beatles' American releases from 1964 through 1970. Halpin explores the rock covers from which the four lads launched their careers, the original rock n' roll and love songs that fueled Beatlemania, the theatrical, psychedelic, world music and orchestral elements which continually surprised audiences about the depths of the band's talents and the guest musicians whose contributions remain unknown to many listeners. Adding to the song analyses are personal vignettes to transport the reader back in time to experience the excitement of hearing the Beatles for the first time. Through their music, lyrics and playful antics on stage and screen as well as in real life, the Beatles encapsulated the ups and downs of 1960s America. Halpin uncovers how the Beatles' music continues to be relevant to today's audiences, revealing little-known facts and drawing exciting conclusions about the band, their eventual breakup and their undiminished fame.

Chairman at the Board Bill Schnee, 2021-03-01 Chairman at the Board is an intimate, funny and absorbing look at the music business by an insider who has recorded a host of the greatest musical artists from the 1970s to today. Bill Schnee takes the reader inside the studio behind the curtain and through the decades with a cavalcade of famous artists as he helped them to realize their vision. After his high school band was dropped by Decca Records, Schnee began his quest to learn everything he could about making records. Mentored by technical guru Toby Foster, mastering guru Doug Sax and recording legend Richie Podolor at his American Recording Studio, he immediately began recording the top acts of the day as a freelance engineer/producer in Hollywood. Clive Davis soon hired him to work for CBS, where he partnered with famed music producer Richard Perry. Schnee went on to record and/or mix many of Perry's biggest albums of the 70s and 80s, including those by Barbra Streisand, Carly Simon, Ringo Starr, Art Garfunkel and the Pointer Sisters. With his deft personal touch with musicians, he continued to engineer and/or produce the likes of Marvin Gaye, Thelma Houston, the Grammy-nominated direct-to-disc album *I've Got the Music in Me* by Pablo Cruise, Neil Diamond, Boyz n the City, the Jacksons, Huey Lewis and the News, Dire Straits and Whitney Houston. With over 125 gold and platinum records and two Grammys for Steely Dan's *Aja* and *Gaucho*, Schnee has been called a living legend, recognized and respected in the industry as the consummate music man with an incomparable career that he lovingly shares with his readers in humorous detail. **The Long and Winding Road from Blake to the Beatles** M.
