Rise to the Challenge Marlene M. Johnson, 2024-09-24 The inspiring life story of Minnesota's first woman lieutenant governor breaking political ground navigating patriarchal tradition and persevering through great personal loss Marking a milestone for women in state government Marlene M Johnson became Minnesota's first woman lieutenant governor under Rudy Perpich's gubernatorial administration in January 1983 That same year she met her husband Peter and their deeply loving relationship profoundly sustained her for twenty seven years *Rise to the Challenge* weaves these personal and professional stories together in a courageous portrait of dedication and leadership Growing up in rural Minnesota Johnson began organizing and advocating for change early beginning with a campaign to introduce foreign languages into her high school curriculum Pursuing a deeply felt commitment to improving the lives of others she continued to sharpen her leadership skills throughout her life participating in activist work in college cofounding organizations to support women entrepreneurs and politicians and eventually running an international education nonprofit A stalwart supporter her husband gave Marlene strength and encouragement to face the challenges of the political landscape and its gender biases Then in 2010 he suffered a traumatic brain injury that would change both of their lives Learning how to be a medical advocate and eventually facing the sorrow of Peter's death Marlene relied on the hard fought resilience and belief in herself that Peter had helped her to develop A story of learning and leadership in politics business and public service *Rise to the Challenge* is a moving portrayal of spirit perseverance and grace in the face of daunting personal challenges supported by unwavering faith in the public good

2016: the Campaign Chronicles JD Foster, 2019-10-08 The 2016 campaign ended with Donald J Trump as president elect of the United States astounding just about everyone More than two dozen candidates had vied for the two parties nominations leaving Trump and former Secretary of State Hillary Clinton Her flaws standing in rough proportion to her strengths Clinton had been the presumed Democratic nominee though Bernie Sanders had nearly upended her run In contrast Trump's capturing the Republican nomination seemed preposterous before and after the fact The campaign overall was far more than the result It was a long tumultuous outrageous frolic of American politics *The Campaign Chronicles* was written contemporaneously with events as they happened so as to capture the sense of each amazing if horrific moment Even weeks after the election the country remained stunned by the outcome which as we learned foretold of a presidency unlike any before it But before the presidency there was a campaign about which many histories will be written But before the histories must come the chronicling history stripped of faded memories and coherent perspective Herewith such a chronicling written from a determinedly neutral posture presenting the good with the bad for all concerned
