and spent it on fancy carriage rides and cases of champagne Even worse Lancaster proved to be a sexual predator Kicked out of London Lancaster brought his simplistic plan to the United States His school model didn't work any better in US cities than it had in London and Lancaster himself never changed his abusive ways Mr Lancaster's System details how American cities created their first public schools out of the wreckage of Lancasterian failure In the end the most important people in this story are not self-proclaimed geniuses like Lancaster or elites like New York's mayor De Witt Clinton but rather the thousands of parents and children who forced urban public schools to assume their modern shape
