

## Discussion Guide for Grades 6–8

## The Revealers

## Summary

Seventh-grader Russell describes Parkland Middle School (known by its student body as “Darkland”) as “an obstacle course of kids alert for someone they can go on and on ridicule.” Tired of the bullying that they experience on a daily basis, Russell and two classmates—Elliot and Catalina—start an unofficial e-mail forum at school in which they publicize their experiences. When other students write in with similar stories, it becomes clear that the problem at their school is bigger than anyone knew. *The Revealers* (as the forum is known) sparks awareness and begins to make a positive change in the school atmosphere, but just when the tide seems to be turning for the better, an act of revenge by a few students still bent on bullying others threatens the underground rebellion that has the whole school talking. This suspenseful story of computer-era underground rebellion offers fresh perspectives on some of the most enduring themes in fiction for young readers.
