Services Marketing Concepts Strategies Cases:

Services Marketing K. Douglas Hoffman, John E. G. Bateson, 2006 Offers a managerial perspective on services marketing with special emphasis on B2B services technology and global services It includes cases to further illustrate concepts and offers coverage on creating the seamless service form to support a customer focused organisational culture

Services Marketing: Concepts, Strategies, & Cases K. Hoffman, John Bateson, 2016-01-01 Readers examine the use of services marketing as a competitive tool from a uniquely broad perspective with Hoffman Bateson's SERVICES MARKETING CONCEPTS STRATEGIES AND CASES 5E Using a reader friendly streamlined structure this book explores services marketing not only as an essential focus for service firms but also as a competitive advantage for companies that market tangible products A wealth of real examples feature a variety of businesses from industries both within and beyond the nine service economy supersectors education and health services financial activities government information leisure and hospitality professional and business services transportation and utilities wholesale and retail trade and other services Cutting edge data addresses current issues such as sustainability technology and the global market giving readers valuable insights and important skills for success in business today Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Services Marketing C. Bhattacharya, 2009 While most books on marketing and services are readable very few take the student's viewpoint and set out to answer the question Is it understandable in the affirmative This book and its pedagogy has been designed precisely with this in mind v Design The book has a consistency of design that is innovative with aesthetic appeals v Opening and Closing Cases Every chapter begins and ends with a case The cases introduce the primary theme and issues discussed in the chapter and closes with analytical tasks for the students The cases are original pertaining to Indian situations companies and protagonists helping the Indian students to connect v Objectives Every chapter has clear learning expectations get a glimpse of the chapter context and their respective importance v End of chapter Questions The questions are many and have been designed carefully to enhance learning for the students There are elements of research project work and academic exercises in them v Illustrations The book is generous with pleasing and informative charts tables and diagrams v Glossary The Appendix at the end of the book contains a glossary of services and marketing terminologies v Marketing models In addition to the text the appendix also contains major marketing models mentioned in the text which are frequently used by the marketers v How to do cases The Appendix also contains a useful section for all students a template for case discussion and analysis There are four parts in the book Part I takes an overview look at the major differences between services and goods and their characteristics classifications and different models It methodically analyses the section on the local domestic and international conditions and environment factors that have affected services It also examines the importance of Relationship Marketing in services Part II examines in depth the marketing of services It looks sweepingly and with depth at marketing planning and strategy

service buying behaviour knowledge management and marketing research in services and the seven marketing mix variables for services Part III is about the assessment of service delivery and customer relationship management Part IV deals exclusively with comprehensive service cases The cases are in addition to the opening and closing cases The book lucidly explains the basic concepts of services and marketing and fills a long standing need of the students for a book on both services and marketing
