Carl J. Ekberg

Settlement Illinois 1778 1830 Clinton Boggess:

The Settlement of Illinois, 1778-1830 Arthur Clinton Boggess, 2022-08-01 DigiCat Publishing presents to you this special edition of *The Settlement of Illinois 1778 1830* by Arthur Clinton Boggess. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

James Madison, the South, and the Trans-Appalachian West, 1783-1803 Jeffrey Allen Zemler, 2013-12-05 The strong relationship that historians have described between the South and the trans Appalachian West in the early nineteenth century had its origins in the twenty year period after the American Revolution when a group of far sighted southerners with James Madison in the forefront worked to form a political bond between the two regions. While many historians have taken this close relationship for granted or have dismissed it as a natural product of cultural similarities, strong family bonds and slavery being just two, it was built deliberately by a handful of forward looking southerners with hard work and dedication. Jeffrey A. Zemler carefully analyzes the development of this bond and the history of these two regions during this twenty year period which is far more complicated than historians have imagined or described.

The ^ALand Office Business Malcolm J. Rohrbough, 1968-01-15 This book should be of interest to undergraduate courses in American history and politics.

Frontier Illinois James E. Davis, 2000-08-22 In this major new history of the making of the state, Davis tells a sweeping story of Illinois from the Ice Age to the eve of the Civil War.

French Roots in the Illinois Country Carl J. Ekberg, 2000 Winner of the Kemper and Leila Williams Book Prize for the Best Book on Louisiana History. *French Roots in the Illinois Country* creates an entirely new picture of the Illinois country as a single ethnic, economic and cultural entity. Focusing on the French Creole communities along the Mississippi River, Carl J. Ekberg shows how land use practices such as medieval style open field agriculture intersected with economic and social issues ranging from the flour trade between Illinois and New Orleans to the significance of the different mentalities of French Creoles and Anglo Americans.

Quail Lakes and Coal Doug Oberhelman, 2013

There is no way to guess Quail Lakes was a surface mine. Aside from two deep lakes, there is no evidence that massive earthmoving machines once rumbled across these rolling 1,200 acres of Illinois farmland, lakes, wetlands and native prairie plants. But the same Quail Lakes that today is home to endangered bird species and hundreds of other wild creatures was a coal mine, a surface mine with pits as deep as 75 feet. Despite what you have heard about surface mining, Quail Lakes points to something very different. The Quail Lakes you will read about in this book is a microcosm of the realistic and responsible use of land that is possible today. The same property that has yielded crops to feed generations of farmers and livestock also provided coal to generate electricity for homes and businesses. And miners did not leave the land worn out. To the contrary. Thanks to federal mine reclamation laws and passionate stewardship by owners Doug and Diane Oberhelman.

the farm fields once again yield bumper crops Wildlife abounds And the grasslands and lakes offer wonderful opportunities for fishing hunting hiking camping swimming wildlife watching stargazing and anything else you can dream of doing in a place where wild animals roam and stars shine bright *Wetlands of the American Midwest* Hugh Prince, 2008-04-15 How people perceive wetlands has always played a crucial role in determining how people act toward them In this readable and objective account Hugh Prince examines literary evidence as well as government and scientific documents to uncover the history of changing attitudes toward wetlands in the American Midwest As attitudes changed so did scientific research agendas government policies and farmers strategies for managing their land Originally viewed as bountiful sources of wildlife by indigenous peoples wet areas called wet prairies swamps or bogs in the late nineteenth and early twentieth centuries were considered productive only when drained for agricultural use Beginning in the 1950s many came to see these renamed wetlands as valuable for wildlife and soil conservation Prince s book will appeal to a wide readership ranging from geographers and environmental historians to the many government and private agencies and individuals concerned with wetland research management and preservation **Land of Big Rivers** M. J. Morgan, 2010-07-06 Drawing on research from a variety of academic fields such as archaeology history botany ecology and physical science M J Morgan explores the intersection of people and the environment in early eighteenth century Illinois Country a stretch of fecund alluvial river plain along the Mississippi river Arguing against the traditional narrative that describes Illinois as an untouched wilderness until the influx of American settlers Morgan illustrates how the story began much earlier She focuses her study on early French and Indian communities and later on the British nestled within the tripartite environment of floodplain riverine cliffs and bluffs and open upland till plain prairie and examines the impact of these diverse groups of people on the ecological landscape By placing human lives within the natural setting of the period the abundant streams and creeks the prairies plants and wildlife she traces the environmental change that unfolded across almost a century She describes how it was a land in motion how the occupying peoples used extracted and extirpated its resources while simultaneously introducing new species and how the flux and flow of life mirrored the movement of the rivers Morgan emphasizes the importance of population sequences the relationship between the aboriginals and the Europeans the shared use of resources and the effects of each on the habitat *Land of Big Rivers* is a unique many themed account of the big picture ecological change that occurred during the early history of the Illinois Country It is the first book to consider the environmental aspects of the Illinois Indian experience and to reconsider the role of the French and British in environmental change in the mid Mississippi Valley It engagingly recreates presettlement Illinois with a remarkable interdisciplinary approach and provides new details that will encourage understanding of the interaction between physical geography and the plants animals and people in the Illinois Country Furthermore it exhibits the importance of looking at the past in the context of environmental transformation which is especially relevant in light of today s global climate change **Indiana's Timeless Tales - Pre-History to 1781** Paul R.

Winning, Readers of Indiana's Timeless Tales Pre History to 1781 will discover a wealth of early Indiana history with this timeline of events that cover Indiana history from prehistory up until the formation of the Northwest Territory Journal of Events During this era settlements in the future state of Indiana were sparse Vincennes Indiana's oldest city was established in 1702 as a French Trading Post By the time of the Revolutionary War Britain had taken possession as a prize won during the French and Indian War George Rogers Clark George Rogers Clark's 1778-79 campaign had wrested this vast territory from Britain during the Revolutionary War Clark and his men's heroics ensured that the region would be ceded to the United States at the 1783 Treaty of Paris which ended the war George Rogers Clark would spend most of his last days at the town named after him in southern Indiana Beginning of the Frontier The end of the war brought new pressures upon the native population as American pioneers began eyeing the rich lands of the Ohio River Valley As the Revolution ended the story of Indiana history began History timeline indiana pioneer history journal frontier history George Rogers Clark
