Núñez, 2023-08-25 This book assesses the relationship between cosmopolitanism and sovereignty Often considered to be incompatible it is argued here that the two concepts are in many ways interrelated and to some extent rely on one another By introducing a novel theory the work presents a detailed philosophical analysis to illustrate how these notions might theoretically and practically work together This theoretical inquiry is balanced with detailed empirical discussion highlighting how the concepts are related in practice and to expose the weaknesses of stricter interpretations of sovereignty which present it as exclusionary Finally the book looks at territorial disputes to explore how sovereignty and cosmopolitanism can successfully operate together to deal with global issues The work will be of interest to academics and researchers in the areas of Legal Philosophy Legal Theory and Jurisprudence Public International Law International Relations and Political Science , Nomads and Nation-Building in the Western Sahara Konstantina Isidoros, 2018-03-30 Fabled for more than three thousand years as fierce warrior nomads and cameleers dominating the western Trans Saharan caravan trade today the Sahrawi are admired as soldier statesmen and refugee diplomats This is a proud nomadic people uniquely championing human rights and international law for self determination of their ancient heartlands the western Sahara Desert in North Africa Konstantina Isidoros provides a rich ethnographic portrait of this unique desert society s life in one of Earth s most extreme ecosystems Her extensive anthropological research conducted over nine years illuminates an Arab Berber Muslim society in which men wear full face veils and are matrifocused toward women who are the property holders of tent households forming powerful matrilineal coalitions Isidoros offers new analytical insights on gender relations strategic tribe to state symbiosis and the tactical formation of tent cities The book sheds light on the indigenous principles of social organisation the centrality of women male veiling and milk kinship bringing positive feminist perspectives on how the Sahrawi have innovatively reconfigured their tribal nomadic pastoral society into globalising citizen nomads constructing their nascent nation state This is essential reading for those interested in anthropology politics war and nationalism gender relations postcolonialism international development humanitarian regimes refugee studies and the experience of nomadic communities

Post-Colonial Settlement Strategy Ehud Eiran, 2019-02-20 Settlement projects are sustained clusters of policies that allow states to strategically plan implement and support the permanent transfer of nationals into a territory not under their sovereignty Ehud Eiran explains why states launch settlement projects into occupied areas and introduces the international

environment as an important enabling variable By drawing comparisons between three such major projects Israel in the West Bank and Gaza Morocco in Western Sahara and Indonesia in East Timor Ehud Eiran classifies post colonial settlement projects as a distinct cluster of cases that warrant a different analytical approach to traditional colonial studies Israeli Settlements Martin Blecher,2018-10-15 Most research and analyses of Israel s settlement enterprise has focused on the usage of particular paragraphs in the Geneva Convention For over 50 years Israel has refuted the usage of the Geneva Convention with regards to its settlements Doing so the more relevant question arises on what laws governance and regulations is of importance in understanding Israelis behavior If one accepts the premise that Israel is occupying some areas and as an occupying force is forbidden to change laws from previous sovereign it becomes relevant as to what the laws are and how are they being followed The aim with this book is to go deeper to understand the rationale behind Israeli land policies This book is not necessarily a full rejection of the arguments that have been advocated by different scholars that seek to brand Israel s settlement enterprise as illegal nor is it to be understood as a full acceptance of those arguments at hand Rather I want this book to show nuances in an infective question The idea is to give the reader an insight into the arguments made by Israel and its judiciary which has not been properly addressed nor researched about through earlier scholars By including stories about personalities such as Rabbi Menachem Froman Shabtay Bendet this book aims to fulfill its purpose of not politicizing the Israeli settlement enterprise through one particular understanding *Colonial Bureaucracy and Contemporary Citizenship* Yael Berda,2022-11-17 Colonial Bureaucracy and Contemporary Citizenship examines how the legacies of colonial bureaucracy continue to shape political life after empire Focusing on the former British colonies of India Cyprus and Israel Palestine the book explores how post colonial states use their inherited administrative legacies to classify and distinguish between loyal and suspicious subjects and manage the movement of populations thus shaping the practical meaning of citizenship and belonging within their new boundaries The book offers a novel institutional theory of hybrid bureaucracy to explain how racialized bureaucratic practices were used by powerful administrators in state organizations to shape the making of political identity and belonging in the new states Combining sociology and anthropology of the state with the study of institutions this book offers new knowledge to overturn conventional understandings of bureaucracy demonstrating that routine bureaucratic practices and persistent colonial logics continue to shape unequal political status to this day **Second-Generation Liberation Wars** Yaniv Voller,2022-02-24 An exploration of the strategies that both governments and insurgents employed in the liberation wars in Iraqi Kurdistan and South Sudan
