Sex and Borders Leslie Ann Jeffrey, 2002 *The King and the Making of Modern Thailand* Antonio Rappa, 2017-04-21

The making of modern Thailand is grounded in specific political institutions Brahmanical tropes and sacred Buddhist traditions stylized with Hindu rituals Over and above these mysterious practices and ancient customs modern Thailand is a product of the late Great Rama IX Bhumibol Adulyadej Most Thai people have only known one King Born in Europe and educated during World War II Bhumibol was the son of a Harvard medical doctor who had a penchant for jazz music and fast cars When he returned to Thailand in 1951 to assume his royal duties he could hardly speak Thai but his French and German were remarkable Bhumibol had inherited an impoverished country with nothing but a symbolic role as a figurehead monarch He was surrounded by envious courtiers and royals from other families now sidelined by the rise of the Chakri Scheming generals and authoritarian field marshals were emptying the Kingdom's coffers Using guile and wit Bhumibol had turned the tide by 1973 He became the most powerful modern warlord in the history of the Kingdom He survived attempted murder crafty politicians corrupt generals sycophantic courtiers and impoverished masses When he died on October 13 2016 Bhumibol was already the longest standing monarch in the world King Bhumibol was deeply respected and well liked by farang and locals alike Despite his massive social and economic achievements many problems continue to plague the Kingdom These are prostitution human rights issues pollution corruption cronyism in Chinese businesses border conflicts with Cambodia and the refugee problem This book examines the role of Rama IX and the variegated set of problems that persist in life under the great white elephant and mango trees Rappa draws from his primary research that includes interviews surveys and first hand observations of a remarkable kingdom and a uniquely remarkable king to reveal the internal security threats to democracy and civil society in the oldest Southeast Asian kingdom in late modernity **The Anthropology of Sex** Hastings Donnan, Fiona Magowan, 2020-05-31 Sex scholarship has a long history in anthropology from the studies of voyeuristic Victorian gentlemen ethnographers to more recent analyses of gay sex transsexualism and the newly visible forms of contemporary sexuality in the West The Anthropology of Sex draws on the comparative field research of anthropologists to examine the relationship between sex as identity practice and experience Sexual cultures vary enormously and while often the topic of tabloid titillation they are more rarely subjected to strict cultural analysis The Anthropology of Sex is the first work to critically synthesise over a century of comparative expertise knowledge and understanding of diverse sexual forms Explores sexuality from diversity to perversity and asks how diverse sexual practices are linked Probes the cultural and comparative context of contemporary sexual practice and belief Examines the shaping of sex by global and globalizing forces The Anthropology of Sex will be key reading for undergraduate and postgraduate courses in anthropology and related disciplines **Historical Dictionary of Thailand** Gerald W. Fry, 2024-11-19 Throughout its history Siam and then later Thailand has shown remarkable resiliency adaptability and creativity in responding to serious

threats and crises This augurs well for Thailand's capacity to deal with the serious problems described above and to flourish in the areas in which it has great potential and comparative advantage such as food exports kitchen of the world diverse genres of tourism health and wellness management creative design alternative energy sources great potential of solar energy and e vehicles regional transportation hub both rail and air export growth and diversification an attractive site for MICE and as an international education hub Thailand clearly has the potential to become one of the most distinct vibrant creative and diverse societies of the dynamic Asia Pacific region Historical Dictionary of Thailand Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Thailand

Finckenauer, 2012-09-17 Every year thousands of Chinese women travel to Asia and the United States in order to engage in commercial sex work In *Selling Sex Overseas* Ko-lin Chin and James Finckenauer challenge the current sex trafficking paradigm that considers all sex workers as victims or sexual slaves and as unwilling participants in the world of commercial sex Bringing to life an on the ground portrait of this usually hidden world Chin and Finckenauer provide a detailed look at all of its participants sex workers pimps agents mommies escort agency owners brothel owners and drivers Ultimately they probe the social economic and political organization of prostitution and sex trafficking contradicting many of the moral crusaders of the human trafficking world Brokered Subjects Elizabeth Bernstein, 2019-01-01 *Brokered Subjects* digs deep into the accepted narratives of sex trafficking to reveal the troubling assumptions that have shaped both right and left wing agendas around sexual violence Drawing on years of in depth fieldwork Elizabeth Bernstein sheds light not only on trafficking but also on the broader structures that meld the ostensible pursuit of liberation with contemporary techniques of power Rather than any meaningful commitment to the safety of sex workers Bernstein argues what lies behind our current vision of trafficking victims is a transnational mix of putatively humanitarian militaristic interventions feel good capitalism and what she terms carceral feminism a feminism compatible with police batons NIJ Special Report, Asian Transnational
