Sex And The Citizen Interrogating The Caribbean New World Studies:

Sex and the Citizen Faith L. Smith, 2011-04-29 Sex and the Citizen is a multidisciplinary collection of essays that draws on current anxieties about legitimate sexual identities and practices across the Caribbean to explore both the impact of globalization and the legacy of the region's history of sexual exploitation during colonialism slavery and indentureship. Speaking from within but also challenging the assumptions of feminism literary and cultural studies and queer studies this volume questions prevailing oppositions between the backward homophobic nation state and the laid back service with a smile paradise or between giving in ignominiously to the autocratic demands of the global north and equating postcolonial sovereignty with a wholesome heterosexual citizenry. The contributors use parliamentary legislation novels film and other texts to examine Martinique's relationship to France the diasporic relationships between the Dominican Republic and New York City between India and Trinidad and between Mexico's capital city and its Caribbean coast indigenous names for sexual practices and desires in Suriname and the Eastern Caribbean and other topics. This volume will appeal to readers interested in how sex has become an important register for considerations of citizenship personal and political autonomy and identity in the Caribbean and the global south. Contributors: Vanessa Agard Jones Odile Cazenave Michelle Cliff Susan Dayal Alison Donnell Donette Francis Carmen Gillespie Rosamond S King Antonia MacDonald Smythe Tejaswini Niranjana Evelyn O Callaghan Tracy Robinson Patricia Saunders Yasmin Tambiah Omise eke Natasha Tinsley Rinaldo Walcott M S Worrell.

The Routledge Companion to Sexuality and Colonialism Chelsea Schields, Dagmar Herzog, 2021-05-24 Unique in its global and interdisciplinary scope this collection will bring together comparative insights across European Ottoman Japanese and US imperial contexts while spanning colonized spaces in Latin America the Caribbean Africa the Indian Ocean the Middle East and East and Southeast Asia. Drawing on interdisciplinary perspectives from cultural intellectual and political history anthropology law gender and sexuality studies and literary criticism The Routledge Companion to Sexuality and Colonialism combines regional and historiographic overviews with detailed case studies making it the key reference for up to date scholarship on the intimate dimensions of colonial rule. Comprising more than 30 chapters by a team of international contributors the Companion is divided into five parts: Directions in the study of sexuality and colonialism Constructing race controlling reproduction Sexuality in law Subjects souls and selfhood Pleasure and violence. The Routledge Companion to Sexuality and Colonialism is essential reading for students and researchers in gender sexuality race global studies world history Indigeneity and settler colonialism. Domestic Intersections in Contemporary Migration Fiction Lucinda Newns, 2020-01-07 Homing the Metropole presents a new approach to diasporic fiction that reorients postcolonial readings of migration away from processes of displacement and rupture towards those of placement and homemaking. While notions of home have frequently been associated with essentialist understandings of nation and race an uncritical investment in tropes of homelessness can prove equally hegemonic. By synthesising postcolonial and intersectional feminist theory this work

establishes the migrant domestic space as a central location of resistance countering notions of the private sphere as static uncreative and apolitical Through close readings of fiction emerging from the African Caribbean and South Asian diasporas it reassesses our conception of home in light of contemporary realities of globalisation and forced migration providing a valuable critique of the celebration of unfixed subject positions that has been a central tenet of postcolonial studies

Intoxication Sébastien Tutenges, 2022-11-11 Introduction Ways to Effervescence Unity Intensity Transgression Symbolization Revitalization Afterword *Offshore Attachments* Chelsea Schields, 2023-05-23 In this highly original work historian Chelsea Schields illuminates how the contested management of sex and race transformed the Caribbean into a crucial site in the global oil economy By the mid twentieth century the Dutch islands of Curaçao and Aruba housed the world's largest oil refineries To bolster this massive industrial experiment oil corporations and political authorities offshored intimacy circumventing laws regulating sex reproduction and the family in a bid to maximize profits and turn Caribbean subjects into citizens *Offshore Attachments* reveals that from boom to bust Caribbean people challenged and embraced efforts to alter intimate behaviors in service of the energy economy molding the industry from the ground up Moving from Caribbean oil towns to European metropolises and examining such issues as sex work contraception kinship and the constitution of desire Schields narrates a surprising story of how racialized concern with sex shaped hydrocarbon industries as the age of oil met the end of empire

African Diasporic Women's Narratives Simone A. James Alexander, 2014-06-03 Using feminist and womanist theory Alexander takes as her main point of analysis works that focus on the black female body as the physical and metaphorical site of migration in the process successfully demonstrating that diaspora has a different meaning for women than men

Gender, Sexuality, Decolonization Ahonaa Roy, 2020-12-28 This book presents a new approach to the understanding of non normative sexuality and gender transgressive modes in South Asia and South Asian diaspora It reconceives sexual representation from the point of view of the theoretical political and empirical trajectories of decolonization provincialization and neoliberalism to look at the role of historical contingency postcolonial sexual politics and gender and sexual diversity The volume brings together anthropological historical material and political analyses around South Asian sexual politics by exploring a range of themes including culture class ethnicity identity intersectionality migration borders diaspora modernity and cosmopolitanism across various local regional and global contexts By using southern non Western and subaltern theorizations of gender and sexuality the book discusses South Asian sexualities through issues such as the sexual politics of indeterminacy sexual subculture iconography and political decision making religious identity queer South Asian diaspora decolonizing the postcolonial body sexual politics gender and feminist debates discrimination and socio political violence the political economy of empowerment and critical appropriation of the 377 Indian Penal Code It also builds forms of dialogues to bridge the gap between academic and development practitioners With diverse case studies and a fresh theoretical framework this book will be an essential read for scholars and researchers of South Asian

studies gender studies sexuality studies sociology and social anthropology political studies diaspora studies postcolonial and global south studies **Sexuality, Gender and Nationalism in Caribbean Literature** Kate Houlden, 2016-11-18 This book focuses on sex and sexuality in post war novels from the Anglophone Caribbean Countering the critical orthodoxy that literature from this period dealt with sex only tangentially implicitly transmitting sexist or homophobic messages the author instead highlights the range and diversity in its representations of sexual life She draws on gender and sexuality studies postcolonial theory and cultural history to provide new readings of seminal figures like Samuel Selvon and George Lamming whilst also calling attention to the work of innovative lesser studied authors such as Andrew Salkey Oscar Dathorne and Rosa Guy Offering a coherent and expansive overview of how post war Caribbean novelists have treated the persistently controversial topic of sex this book addresses one of the blind spots in Caribbean literary criticism It mines a range of little studied archival materials and texts to argue that fiction of the post war era exhibits both continuities with the sexual emphases of earlier writing and connections to later trends The author also presents nationalist ideology as central to the literature of this era It is in the fictional rendering of sexuality that the contradictions of the nationalist project are most apparent sex both exceeds and threatens the imagined unity on which the political vision depends Desire Between Women in Caribbean Literature K. Valens, 2013-12-04 Relations between women like the branches and roots of the mangrove twist around across and within others as they pervade Caribbean letters Desire between Women in Caribbean Literature elucidates the place of desire between women in Caribbean letters compelling readers to rethink how to read the structures and practices of sexuality On the Very Edge Ian Kinane, 2025-01-15 On the Very Edge Bidentities in Michelle Cliff s Fiction uses the life and work of bisexual biracial and bicultural author Michelle Cliff 1946 2016 to develop an entirely new approach to intersectional cultural race and gender sexuality studies that prioritizes bi ness as a methodological tool The book focuses not simply on bisexuality biracialism or biculturalism as isolated identity concepts rather it explores the very nature of these intersectional identity categories as configured by Cliff The text therefore represents a reclamation of bi identity in Cliff s work as a much broader cultural and not just sexual or racial category arguing that Cliff s spaces and or stages of bi ness are in themselves significant in understanding contemporary global identity politics as well as in navigating complex and often damaging identity constructs Michelle Cliff partnered with poet Adrienne Rich and passing as white had an often invisible sexuality and cultural identity Yet her acclaimed work Abeng No Telephone to Heaven Bodies of Water If I Could Write This in Fire Free Enterprise and others demonstrates the intersections between bisexuality biracialism and biculturalism in often profound ways Drawing on original research interviews diaries editorials and other correspondences On the Very Edge will have far reaching implications in the understanding of complex Caribbean identity politics and intersectional race gender and sexuality studies at large
