Healthcare Strategy and Performance Management James R. Langabeer, Tiffany Champagne-Langabeer, 2024-06-07 Leaders of healthcare organizations and students aspiring to become one should be asking themselves one thing in these financially challenging times how can they maintain a strategic and competitive advantage over other players in their market Some healthcare organizations have faced extremely poor financial performance in recent years with data suggesting that up to 10% of hospitals will go bankrupt or face closure within the next 10 years Yet little pragmatic evidence exists to offer insights into how to create better strategies to improve performance build resiliency and align stakeholders *Essentials of Healthcare Strategy and Performance Management* explores the most critical components of business strategy and performance management for modern complex healthcare organizations Using pragmatic and real world evidence this book provides essential briefings on key topics that every current or aspiring leader needs to know in order to better manage strategy and achieve improved performance in their hospital or health system We will also specifically focus on implementation of strategy and best practices for some of the most important quality management techniques We hope this book helps inspire leaders to

be creative in formulating more effective competitive strategy

Essentials of Performance Analysis in Sport Mike Hughes, Ian Franks, Ian M. Franks, Henriette Dancs, 2019-12-09 The coaching process is about enhancing performance by providing feedback about the performance to the athlete or team Researchers have shown that human observation and memory are not reliable enough to provide accurate and objective information for high performance athletes Objective measuring tools are necessary to enable the feedback process These can take the form of video analysis systems post event both biomechanical and computerised notation systems or the use of in event systems Essentials of Performance Analysis in Sport 3rd Edition is fully revised with updated existing chapters and the addition of 12 new chapters It is a comprehensive and authoritative guide to this core discipline of contemporary sport science The book offers a full description of the fundamental theory of match and performance analysis using real world illustrative examples and data throughout It also explores the applied contexts in which analysis can have a significant influence on performance To this end the book has been defined by five sections In Section 1 the background of performance analysis is explained and Section 2 discusses methodologies used in notating sport performance Current issues of performance analysis applied research such as chance momentum theory perturbations and dynamic systems are explored in Section 3 Profiling the essential output skill in performance analysis is examined in depth in Section 4 The book's final section offers invaluable applied information on careers available for performance analysts With extended coverage of contemporary issues in performance analysis and contributions from leading performance analysis researchers and practitioners Essentials of Performance Analysis in Sport 3rd Edition is a complete textbook for any performance analysis course as well as an invaluable reference for sport science or sport coaching students and researchers and any coach analyst or athlete looking to develop their professional insight

Essentials for Quality and Safety Improvement in Health Care Christopher Ente, Michael Ukpe, 2022-02-01 Patient safety and quality improvement in health care remain a global priority Subpar performance in health care however is still common more than a decade after the christening of patient safety in Africa The core principle of safety and quality improvement systems is to identify and assess the root cause of failures in order to learn from them and devise a means to improve and to avoid recurrence This book is designed to encourage facilitate and empower healthcare workers in the development and implementation of strategically driven patient safety and quality improvement initiatives for safer healthcare systems and healthcare facilities in low and middle income countries LMICs of Africa It also highlights some of the profound challenges and barriers to designing and implementing patient safety and quality improvement interventions or programmes in the region and reiterates the need to remain focused and determined to work out solutions with confidence and overcome these barriers In the book chapters highlight six essential components crucial for achieving evolutionary progress in safety and quality improvement in a healthcare system Standard operating procedure Audit Research Safety management Quality management Evaluation Practical steps in planning and conducting these six essential components are

outlined with some specific features to aid learning and facilitate their implementation The authors have experience and expertise in the medical practice gained in Africa and a decade of knowledge and experience from consultancy work in safety and quality improvement in health care within and outside the region Essentials for Quality and Safety Improvement in Health Care A Resource for Developing Countries is authored for both medical professionals and those from other professions who are interested in and enthusiastic about patient safety and healthcare quality and therefore willing to build a career in this field It is relevant to all health institutions health and non health workers and can be used as a checklist while rendering quality and safe health care **Essential Statistical Concepts for the Quality Professional** D. H.

Stamatis,2012-05-02 The essence of any root cause analysis in our modern quality thinking is to go beyond the actual problem This means not only do we have to fix the problem at hand but we also have to identify why the failure occurred and what was the opportunity to apply the appropriate knowledge to avoid the problem in the future Essential Statistical Concepts f *WHO quality assurance policy for the procurement of essential medicines and other health products* ,2018-06-30
