Quick** John Locke,1892 Torah Story, Second Edition Gary Edward Schnittjer,2023-04-18 The gospel story begins in Torah What culminates at Golgotha starts with the rebellion in the garden The Torah s story can be framed as a question How will the word of God overcome the human revolution Torah Story offers a student friendly introduction to the redemptive narrative housed in the first five books of the Bible Every main chapter introduces a section of Torah with attention to its basic structure This is followed by another look at how this portion of Torah connects to the rest of the Christian Bible The dynamic design includes opportunities in every chapter to make the most of Torah study including Helps for getting started focus questions key terms outline An interactive workshop with challenge questions and advanced questions Suggestions for research projects Next steps for further study A refreshingly new approach to the Torah neither an introduction nor a commentary Torah Story provides an apprenticeship on the Old Testament s first five books But it also provides a model of how to read Scripture intertextually with an eye to the New Testament gospels It leaves no doubt as to the overarching unity of the message and composition of the Pentateuch The second edition is streamlined and simplified throughout with updated examples and new sidebars and imagery *Dress, Adornment, and the Body in the Hebrew Bible* Laura Quick,2021-02-09 Dress Adornment and the Body in the Hebrew Bible is the first monograph to treat dress and adornment in biblical literature in the English language It moves beyond a description of these aspects of ancient life to encompass notions of interpersonal relationships and personhood that underpin practices of dress and adornment Laura Quick explores the ramifications of body adornment in the biblical world informed by a methodologically plural approach incorporating material culture alongside philology textual exegesis comparative evidence and sociological models Drawing upon and synthesizing insights from material culture and texts from across the eastern Mediterranean the volume reconstructs the social meanings attached to the dressed body in biblical texts It shows how body adornment can deepen understanding of attitudes towards the self in the ancient world In Quick s reconstruction of ancient performances of the self the body serves as the observed centre in which complex ideologies of identity gender sexuality ethnicity and social status are articulated The adornment of the body is thus an effective means of non verbal communication

but one which at the same time is controlled by and dictated through normative social values Exploring dress adornment and the body can therefore open up hitherto unexplored perspectives on these social values in the ancient world an essential missing piece in understanding the social and cultural world which shaped the Hebrew Bible **The State of Old Testament Studies** H.
