

The book cover is a rich tapestry of various Palestinian embroidery motifs. At the top, a blue band features a repeating geometric pattern. Below this, a dark blue section contains several red and white embroidered motifs, including a central diamond shape. The bottom half of the cover is dominated by a large, vibrant red and white striped section, with a yellow and red geometric motif on the right side. The overall design is a collage of different embroidery styles and colors, including blue, red, white, and black.

Palestinian Embroidery Motifs Margarita Skinner, Widad Kavar, 2007 This visually stunning study in the ethnography of Palestinian embroidery motifs is a lasting source inspiration **A Treasury of Stitches** Margarita Skinner, Widad Kamel Kavar, 2015-01-19 Ethnomathematics of Negev Bedouins' Existence in Forms, Symbols and Geometric Patterns Ada Katsap, Fredrick L. Silverman, 2015-12-17 Ethnomathematics of Negev Bedouins Existence in Forms Symbols and Geometric Patterns provokes a journey into the world of Negev Bedouins and attests to the beauty and sophistication of mathematics that occurs naturally in their craftwork structures games and throughout Bedouin life The major focus is Bedouin women s traditional craftwork by which they reflect social and cultural activities in their weaving embroidery and similar pursuits Their creations reveal mathematical ideas incorporated in embroidery compositions in repeated patterns of flowers and geometric figures in varying scales The women use ground staked looms stabilized by block stones to make multi color repeating pattern strip rugs in a process practiced for generations An image of this appears in the book s cover photo collage Bedouin men construct dwellings tents desert wells and such They and their children play games attuned to sand and other specific desert conditions These activities of Bedouin women men and children require mathematical thinking and strategic reasoning to achieve desired outcomes The book opens with a narrative of Bedouin history followed by a brief overview of ethnomathematics and concludes with discussion about bridging the gap between school mathematics experiences and those outside school It considers mathematically problematic situations embedded in Bedouin sociocultural heritage likely to appeal to teachers for use with school students The book is intended for a diverse audience from Bedouin communities in different countries to the general public and professionals including ethnomathematicians and mathematics educators Numerous photographs document the examples of Bedouin ethnomathematics They are the subject of considerable analysis and appear throughout the book Sacred Mobilities Avril Maddrell, Alan Terry, 2016-03-03 This collection draws on the Mobilities approach to look afresh at notions of the sacred where they intersect with people objects and other things on the move Consideration of a wide range of spiritual meanings and practices also sheds light on the motivations and experiences associated with particular mobilities Drawing on rich situated case studies this multi disciplinary collection discusses what mobility in the social sciences arts and humanities can tell us about movements and journeys prompted by religious more broadly spiritual and secular sacred practices and priorities Problematising the fixity of sacred places and times as territorially and temporally bounded entities that exist in opposition to profane everyday life this collection looks at the intersection between the embodied emotional spiritual experience of places travel belief practices and communities It is this geographically informed perspective on the interleaving of religious spiritual secular notions of the sacred with the material and more than representational attributes of associated mobilities and related practices which constitutes this volume s original contribution to the field **The Atlas of World Embroidery** Gillian Vogelsang-Eastwood, 2026-02-17 A richly

illustrated history of embroidery and needlework showcasing the glorious range of styles motifs and materials used around the world Embroidery is one of the world s most widely shared forms of creative expression and one of its most varied and diverse It can be found in every region yet its visual languages themes and techniques vary greatly some are marked by unique styles and others show influences from neighboring cultures The Atlas of World Embroidery examines many distinctive embroidery styles and traditions found across the Americas Europe Africa Asia and Australasia From the quillwork and birch boxes of Indigenous North America to the decorative matyo style of Hungary the zardozi embroiderers of India and the satin stitches of Han Dynasty China Gillian Vogelsang Eastwood provides a comprehensive history of embroidery describing its materials and tools its designs and symbols and its uses and makers Emphasizing the visual aspects of embroidery across cultures the atlas features an unprecedented array of color images celebrating the art form Organized geographically by region and country and focusing on hand needlework with relevant examples of machine forms The Atlas of World Embroidery is a beautiful and authoritative exploration of this ancient craft Lavishly illustrated throughout in full color with more than 300 images Features full and close up images of embroidered fabrics including household items and clothing along with insightful analysis Includes sections on the Americas Europe Sub Saharan Africa the Arabic World Turkey the Iranian Plateau and Central Asia the Indian Subcontinent East Asia and Southeast Asia and Australasia with subsections on individual countries cultures and kinds of embroidery Contains a directory of design motifs depicting patterns from around the world
