The current book is a detailed resource illustrated by more than 150 color photographs that covers all operations, menus, and controls of the Panasonic Lumix LX5, the newest in a line of highly sophisticated yet very portable cameras that are equipped with full manual controls as well as advanced digital technology. The book provides detailed guidance to beginning, intermediate, and more experienced photographers in plain English. The photographs illustrate the camera's menus and controls and provide examples of many of the camera's shooting modes and special effects.
