Drawing People Using Grids Giovanni Civardi, 2021 [Modern Art & the Remaking of Human Disposition](#) Emmelyn Butterfield-Rosen, 2021-11-09 How artists at the turn of the twentieth century

broke with traditional ways of posing the bodies of human figures to reflect modern understandings of human consciousness With this book Emmelyn Butterfield Rosen brings a new formal and conceptual rubric to the study of turn of the century modernism transforming our understanding of the era s canonical works Butterfield Rosen analyzes a hitherto unexamined formal phenomenon in European art how artists departed from conventions for posing the human figure that had long been standard In the decades around 1900 artists working in different countries and across different media began to present human figures in strictly frontal lateral and dorsal postures The effect both archaic and modern broke with the centuries old tradition of rendering bodies in torsion with poses designed to simulate the human being s physical volume and capacity for autonomous thought and movement This formal departure destabilized prevailing visual codes for signifying the existence of the inner life of the human subject Exploring major works by Georges Seurat Gustav Klimt and the dancer and choreographer Vaslav Nijinsky replete with new archival discoveries *Modern Art and the Remaking of Human Disposition* combines intensive formal analysis with inquiries into the history of psychology and evolutionary biology In doing so it shows how modern understandings of human consciousness and the relation of mind to body were materialized in art through a new vocabulary of postures and poses

The Very Picture of You Isabel Wolff,2011-10-04 Where the eye sees the brushstroke the heart sees the truth At thirty five Gabriella Ella Graham is a successful portrait artist in London She captures the essential truth in each of her subjects faces a tilt of the chin a glint in the eye and immortalizes it on canvas But closer to home Ella finds the truth more elusive Her father abandoned the family when she was five and her mother has remained silent on the subject ever since Ella s sister Chloe is engaged to Nate an American working in London but Ella suspects that he may not be so committed Then at Chloe s behest Ella agrees to paint Nate s portrait From session to session Ella begins to see Nate in a different light which gives rise to conflicted feelings In fact through the various people she paints including an elderly client reflecting on her life and a woman dreading the prospect of turning forty Ella realizes that there is so much more to a person s life than what is seen on the surface And as her portraits of Nate and the others progress they begin to reveal less about their subjects than about the artist herself Look for special features inside Join the Circle for author chats and more
