Pakistan News Paper Urdu Express:

The Muslim Extremist Discourse Faizullah Jan, 2015-11-12 This unique book analyzes the discourse of militant organizations affiliated with al Qaeda. It interrogates the discourse of these extremist organizations which publish their own newspapers. These publications widely distributed to the local population play a critical role in securing and maintaining public support for the militant organizations. The book examines how these organizations discursively construct the socio-political reality of their world in the process defining the Self and the Other. The Self becomes umma or the global Muslim community while the Other becomes the West including the United States, Israel and India. This book presents an analysis of three historical moments: the assassination of al Qaeda chief Osama Bin Laden, the controversial YouTube video 'Innocence of the Muslims' and the shooting of the Pakistani child activist and Nobel Laureate Malala Yousafzai. This analysis reveals the discursive strategies used by the militant organizations to create what Foucault calls regimes of truth and articulate identities of the Self and the Other. The first of its kind, this book provides an insight into the mind set of extremists. It presents a picture of the world that extremists construct through their own discourse and explains how extremists try to win the hearts and minds of mainstream Muslims in order to expand their support base, seek donations and find new recruits. Understanding extremist narratives and the ways they feed the broader militant discourse may yield more meaningful and effective strategies for the West to communicate with mainstream Muslims.

Pakistan's Political Labyrinths Ravi Kalia, 2015-08-11 This book explores Pakistan from different vantage points. It examines a variety of events in contemporary Pakistan through a comprehensive analysis of identity and power, politics, media landscapes, military recruitment, role of madrassahs, terrorism and militancy, civil war as well as outlines future trajectories. It studies themes such as Pakistan's relationship with India, the legacy of Jinnah, gender and fundamentalism, urbanisation, unrest that have plagued the northern areas. It further looks at the nation after the capture of Osama bin Laden and the changing nature of its relation with the US in its aftermath. Including contributions from experts in the field and policy makers across the world, this volume will interest scholars and researchers on Pakistan, studies in politics and international relations. It will also appeal to government think tanks and the general reader.

Pakistan: From the Rhetoric of Democracy to the Rise of Militancy Ravi Kalia, 2012-08-21 The essays in this volume address the central theme of Pakistan's enduring yet elusive quest for democracy. The book charts Pakistan's struggle from its very inception at least in the political rhetoric provided by both civilian and military leaders for democracy, liberalism, freedom of expression, inclusiveness of minorities and even secularism. At the same time it demonstrates how in practice the country has continued to drift towards increasingly brittle authoritarianism, religious extremism and intolerance of minorities, both Muslim and non-Muslim. This chasm between animated political rhetoric and grim political reality has baffled the world as much as Pakistanis themselves. In this volume, scholars and practitioners of statecraft from around the world have sought to explain the dichotomy that exists between the rhetoric and the reality.

Crucial areas such as Pakistan's troubled status as a theocracy its relationship with the US the position of women and their quest for empowerment the Mujahir Qaumi movement the sharp class divide that has led to an elitist political culture and finally an erudite discussion of the popular topic Jinnah's vision of Pakistan are the focus of this book This volume will be of interest to scholars of history political science international relations sociology anthropology and urban planning policy makers and think tanks as well as the wider reading public curious about South Asia

Sexuality, Oppression and Human Rights Júlia Tomás,Nico Epple,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 The gradual demystification of sexuality leads to its slow departure from long date traditional honour codes This evolution in thought and in attitude allows one to observe new and not so new mentalities and behaviours Sexuality is indeed a social construct that can encompass physical and or symbolic domination and viciousness It concerns women and children as well as men It involves every culture every country and every population This anthology presents interdisciplinary studies with a human rights based approach from researchers and social workers around the world The essays discuss sexual violence and its social ramifications and violence against various sexualities It aims at elucidating not only contemporary historical and social facts related to sexual exploitation and sexual violence but also discourses that perpetuate sexual oppression Moreover it offers the reader insights into prevention methods and last but not least it presents individual and collective creative tools to combat sexual domination

Trade Liberalisation and Regional Disparity in Pakistan Muhammad Shoaib Butt,Jayatilleke S. Bandara,2008-12-04 This is the first study to distinguish a possible link between trade liberalisation and regional disparities under dissimilar political regimes such as autocracy and democracy It uses Pakistan as a case study to draw broader lessons for other developing countries

Ethnic Issues in the Press of Karachi Imtiaz Ahmad,2023-11-17 This unique book sheds light on the press coverage of Karachi's ethnic affairs through a detailed textual analysis of newspapers The author examines the coverage of communal issues in both English and Urdu newspapers highlighting the improvements in English newspapers coverage and the tendencies of Urdu dailies to report on state nationalism driven news items during ethnic hostilities With a regional focus on Karachi this book is an essential read for historians researchers and journalists interested in understanding the ethnic dynamics of Pakistan and the role of the press in covering multi ethnic societies The book is a valuable contribution to the study of Pakistan's ethnic affairs providing insight into the ideas movements and theories that have shaped Karachi's ethnic landscape

Handbook of Research on Deconstructing Culture and Communication in the Global South Okocha, Desmond Onyemechi,Yousaf, Muhammad,Onobe, Melchizedec J.,2023-07-10 There are inequalities in global knowledge production in communication outlets cultural practices and governance problems Under this symbiotic relationship they reinforce the cultural ideas values and governance systems operating in the Western countries as an ideal and role model for the Global South countries Media is regarded as the agent of change for communication and cultural values Indigenous knowledge production and dissemination is an essential feature to get a better insight into Global
