Paleo Comfort Food Healthy And Delicious Gluten Free Homestyle Paleo Recipes:

Paleo Comfort Food R. Brown, 2014-04-30 The Paleo diet is explosively popular Paleo diet is short for Paleolithic diet also known as the caveman diet The Paleo diet is based on what people ate in the Really Old Days starting some two and a half million years ago when humans first showed up on the Stage of Life Humans back then were hunter gatherers the basic rule for their diet was if it runs or swims or flies away from you or you can yank it off a bush or tree you can eat it The point is that people developed and survived for a couple of million years doing the hunter gatherer thing and are thus genetically adapted to the Paleolithic diet Since people changed gears so to speak to modern agriculture a mere 10 000 years ago human genetics has hardly had a chance to catch up That is to say people are genetically identical to the hunter gatherer model but are eating stuff that model was never designed to consume The majority of the food in fact consumed in the United States consist of things like dairy products cereals refined sugars and vegetable oils and alcohol none of which were readily available Way Back When and all of which contribute mightily to the rise of obesity heart problems high blood pressure diabetes and cancer in today s world Enter the Paleolithic Diet The theory in a nutshell is that you should eat what your body is designed to eat By doing so you should be less prone to popular modern diseases like diabetes have more energy and be able to leap over buildings in a single bound Well maybe not that last one Still eating good stuff that doesn t immediately initiate hostile actions with your digestive system will make you feel better and in the long run should make you be better that is healthier But just because Paleo is a diet and is good for you doesn t mean that it can t also be fun In this book you will find recipes for your favorite comfort foods with a Paleo twist What could be better Food that you love and is good for you The author R Cleland Brown has been preparing and eating food since his teens This you can be assured is a very long time
