Pathways to Reform Alexandra W. Logue, 2017-09-08 A personal account of the implementation of a controversial credit transfer program at the nation's third largest university Change is notoriously difficult in any large organization Institutions of higher education are no exception From 2010 to 2013 Alexandra Logue then chief academic officer of The City University of New York led a controversial reform initiative known as Pathways The program aimed to facilitate the transfer of credits among the university's nineteen constituent colleges in order to improve graduation rates a long recognized problem for public universities such as CUNY Hotly debated Pathways met with vociferous resistance from many faculty members drew the attention of local and national media and resulted in lengthy legal action In Pathways to Reform Logue the figure at the center of the maelstrom blends vivid personal narrative with an objective perspective to tell how this hard fought plan was successfully implemented at the third largest university in the United States Logue vividly illustrates why change does or does not take place in higher education and the professional and personal tolls exacted Looking through the lens of the Pathways program and factoring in key players she analyzes how governance structures and conflicting interests along with other institutional factors impede change which Logue shows is all too rare slow and costly In this environment she argues it is shared governance combined with a strong central decision making authority that best facilitates necessary reform Logue presents a compelling investigation of not only transfer policy but also power dynamics and university leadership Shedding light on the inner workings of one of the most important public institutions in the nation Pathways to Reform provides the first full account of how despite opposition a complex higher education initiative was realized All net royalties received by the author from sales of this book will be donated to The City University of New York to support undergraduate student financial aid

'Ela,2015-06-12 Under the Israeli occupation of the 70s and 80s writers in Gaza had to go to considerable lengths to ever have a chance of seeing their work in print Manuscripts were written out longhand invariably under pseudonyms and smuggled out of the Strip to Jerusalem Cairo or Beirut where they then had to be typed up Consequently fiction grew shorter novels became novellas and short stories flourished as the city's form of choice Indeed to Palestinians elsewhere Gaza became known as the exporter of oranges and short stories This anthology brings together some of the pioneers of the Gazan short story from that era as well as younger exponents of the form with ten stories that offer glimpses of life in the Strip that go beyond the global media headlines stories of anxiety oppression and violence but also of resilience and hope of what it means to be a Palestinian and how that identity is continually being reformed stories of ordinary characters struggling to live with dignity in what many have called the largest prison in the world **The Book of Gaza** Atif Abu Sayf,2014

Palestine Joe Sacco,1996 **Light in Gaza** Jihad Abusalim,Jennifer Bing,Mike Merryman-Lotze,2022-08-30 Imagining the future of Gaza beyond the cruelties of occupation and Apartheid Light in Gaza is a powerful contribution to understanding Palestinian experience Gaza home to two million people continues to face suffocating conditions imposed by Israel This distinctive anthology imagines what the future of Gaza could be while reaffirming the critical role of Gaza in Palestinian identity history and struggle for liberation Light in Gaza is a seminal moving and wide ranging anthology of Palestinian writers and artists It constitutes a collective effort to organize and center Palestinian voices in the ongoing struggle As political discourse shifts toward futurism as a means of reimagining a better way of living beyond the violence and limitations of colonialism Light in Gaza is an urgent and powerful intervention into an important political moment A Short History of the Gaza Strip Anne Irfan,2025-08-26 The Gaza Strip is one of the most widely reported on regions in the world yet misinformation about its history and its people abound In this vital book historian Anne Irfan explains Gaza's outsized political significance through six pivotal moments in its modern history beginning with Israel's expulsion of the Palestinian people upon its establishment in 1948 when the Gaza region was truncated to the strip we know today As she takes us through Israel's occupation of Gaza the Palestinian national struggle and formation of the PLO the first intifada the creation of the Palestinian Authority and the rise of Hamas she tackles widespread historical ignorance and untangles contradicting narratives Drawing on a decade of research Irfan weaves in the voices of everyday Palestinians from farmers and teachers to poets and activists Written with remarkable clarity and compassion A Short History of the Gaza Strip is an indispensable read for anyone seeking to understand Palestine today **Gaza Writes Back** Refaat Alareer,2013-11-15 Gaza Writes Back Short Stories from Young Writers in Gaza Palestine edited by Refaat Alareer is a compelling collection of short stories from fifteen young writers in Gaza members of a generation that has suffered immensely under Israel's siege and blockade Their experiences especially during and following Israel's 2008 2009 offensive known as Operation Cast Lead have fundamentally impacted their lives and their writing Indeed many of these writers saw the war as a catalyst for their writing

as they sought an outlet and a voice in its aftermath They view the book as a means of preserving Palestinian memories and presenting their own narratives to the world without filters Their words take us into the homes and hearts of moms dads students children and elders striving to live lives of dignity compassion and meaning in one of the world s most embattled communities Some of the stories also take us with courage and empathy into the imagined world of Israelis living just on the other side of the great barriers Israel has built in and around Gaza and the West Bank to wall the Palestinians in
