Palestine Israel Peace Or Apartheid Prospects For Resolving The Conflict:

Palestine-Israel ,2002 *The Israel-Palestine Conflict* Neil Caplan,2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers **Apartheid in Palestine** Ghada Ageel,2016-01-18 Of all the crimes to which Palestinians have been subjected through a century of bitter tragedy perhaps none are more cruel than the silencing of their voices The suffering has been most extreme criminal and grotesque in Gaza where Ghada Ageel was one of the victims from childhood This collection of essays is a poignant cry for justice far too long delayed Noam Chomsky There are more than two sides to the conflict between Palestine and Israel There are millions Millions of lives voices and stories behind the enduring struggle in Israel and Palestine Yet the easy binary of Palestine vs Israel on which the media so often relies for context effectively silences the lived experiences of people affected by the strife Ghada Ageel sought leading experts Palestinian and Israeli academic and activist to gather stories that humanize the historic processes of occupation displacement colonization and most controversially apartheid Historians scholars and students of colonialism and Israel Palestine studies and anyone interested in more nuanced debate will want to read this book Foreword by Richard Falk Contributors Yasmeen Abu Laban Ghada Ageel Huwaida Arraf Abigail B Bakan Ramzy Baroud Samar El Bekai James Cairns

Dowty, Menachem Hofnung, Gideon Rahat, 2021 Few countries receive as much attention as Israel and are at the same time as
misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures
to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the
growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing
that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in
intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters
examining the country's history contemporary society political institutions international relations and most pressing political
issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It
presents opposed narratives in full force enabling readers to make their own judgments Palestine and the Palestinians
Samih K. Farsoun, 2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of
the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated

Muhannad Ayyash, 2024-02-14 Canada as a Settler Colony on the Question of Palestine explores Canada Palestine relations
through a settler colonial lens The authors argue that there are direct parallels between Canada's settler colonial project and

its support for the Israeli settler colonial dispossession of Palestinians Chapters reflect on community politics and activism migration orientalism and critical race theory Among its unique contributions the volume provides a fresh look at Canada s foreign policy as informed and shaped by its own history of settler colonialism The collection also illuminates the breadth and depth of Palestinian life in Canada Throughout the chapters are connected by common themes of settler colonial destruction dispossession segregation and otherness as well as accounts of people challenging those processes in search of a better and fairer world The book will be of interest to scholars in Indigenous Studies International Relations Peace and Conflict Studies Canadian Studies Palestine Studies and beyond Contributors Samer Abdelnour Nadia Abu Zahra Rachad Antonius Lina Assi M Muhannad Ayyash Peige Desjarlais Randa Farah Azeezah Kanji Maurice Jr Labelle Nadia Naser Najjab Emily Regan Wills Mira Sucharov Jeremy Wildeman Foreword by Veldon Coburn Dialogue in Palestine Nadia Naser-Najjab,2020-01-23 Since 1993 various international donors have poured money into a People to People P2P diplomacy programme in Palestine This grassroots initiative still funded by prominent external donors today seeks to foster public engagement through contact and therefore remove deeply embedded barriers This book examines the limited nature of this contact and explains why the P2P framework which was ostensibly concerned with the promotion of peace ultimately served to reinforce conflict and power relations The book is based on the author s own experience of the solidarity activities during the First Intifada and her first hand involvement as a coordinator of the P2P projects implemented during the 1990s It provides a much needed critical account of the internationally sponsored peace process and develops new theoretical analyses of settler colonialism

Palestinian Labour Migration to Israel Leila Farsakh,2005-09-06 This book examines the flow of Palestinian labour to Israel over the last three decades and shows how it has fluctuated over time with most recently a shift in the flow towards Israeli settlements in the occupied territories
