Chronicling his journey through Palermo to Marsala and across the rugged interior of Sicily to the heights of Mount Etna Camuto captures the personalities and flavors and the traditions and natural riches that have made Italy s largest and oldest wine region the world traveler s newest discovery In the island s vastly different wines he finds an expression of humanity and nature and the space where the two merge into something more Here amid the wild landscapes lavish markets dramatic religious rituals deliciously contrasting flavors and astonishing natural warmth of its people Camuto portrays Sicily at a shining moment in history He takes readers into the anti Mafia movement growing in the former mob vineyards around infamous Corleone tells the stories of some of the island s most prominent landowning families and introduces us to film and music celebrities and other foreigners drawn to Sicily s vineyards His book takes wine as a powerful metaphor for the independent identity of this mythic land which has thrown off its legacies of violence corruption and poverty to emerge finally free with its great soul intact Watch the Palmento book trailer on YouTube

Educated Tastes Jeremy Strong,2011-11-01 The old adage you are what you eat has never seemed more true than in this era when ethics politics and the environment figure so prominently in what we ingest and in what we think about it Then there are connoisseurs whose approaches to food address good taste and frequently require a language that encompasses cultural and social dimensions as well From the highs and lows of connoisseurship to the frustrations and rewards of a mother encouraging her child to eat the essays in this volume explore the complex and infinitely varied ways in which food matters to all of us *Educated Tastes* is a collection of new essays that examine how taste is learned developed and represented It spans such diverse topics as teaching wine tasting food in Don Quixote Soviet cookbooks cruel foods and the lambic beers of the Belgian Payottenland A set of key themes connect these topics the relationships between taste and place how our knowledge of food shapes taste experiences how gustatory discrimination functions as a marker of social difference and the place of ethical environmental and political concerns in debates around the importance and meaning of taste With essays that address variously the connections between food drink and music the place of food in the development of Italian nationhood and the role of morality in aesthetic judgment *Educated Tastes* offers a fresh look at food in history society and culture

Vino! Karl J. Trybus, 2023-10 *Vino* explores the history and identity of Spanish wine production from the mid nineteenth century to today Nineteenth century infestations of oidium fungus and phylloxera aphids devastated French and Italian vineyards but didn't extend to the Iberian Peninsula at first giving Spanish vintners the opportunity to increase their international sales Once French and Italian wineries rebounded however Spanish wine producers had to up their game Spain could not produce only table wine it needed a quality product to compete with the supposedly superior French wines After the Spanish Civil War the totalitarian Franco regime turned its attention to Spain's devastated agricultural sector but the country's wine industry did not rebound until well after World War II In the postwar years it rebranded itself to compete in a more integrated European and international marketplace with the creation of a new wine identity As European integration continued Spanish wine producers and the tourism industry worked together to promote the uniqueness of Spain and the quality of its wines Karl J Trybus explores the development of Spanish wine in the context of national and global events tracing how the wine industry has fared and ultimately prospered despite civil war regional concerns foreign problems and changing tastes
