Nobody's Boy and His Pals Hendrik Hartog, 2024-07-05 An engaging account of social reformer Jack Robbins the Boys Brotherhood Republic and their legacy In 1914 social reformer Jack Robbins and a group of adolescent boys in Chicago founded the Boys Brotherhood Republic an unconventional and unusual institution During a moral panic about delinquent boys Robbins did not seek to rehabilitate and or punish wayward youths Instead the boys governed themselves democratically and with compassion for one another and lived by their mantra So long as there are boys in trouble we too are in trouble For nearly thirty years Robbins was their supervisor and the will he drafted in the late 1950s suggests that he continued to care about forgotten boys even as the political and legal contexts that shaped children s lives changed dramatically Nobody s Boy and His Pals is a lively investigation that challenges our ideas about the history of American childhood and the law Scouring the archives for traces of the elusive Jack Robbins Hendrik Hartog examines the legal histories of Progressive reform childhood criminality repression and free speech The curiosity of Robbins s story is compounded by the legal challenges to his will which wound up establishing the extent to which last wishes must conform to dominant social values Filled with persistent mysteries and surprising connections Nobody s Boy and His Pals illuminates themes of childhood and adolescence race and ethnicity sexuality wealth and poverty and civil liberties across the American Century
