Rhode Island Latino Political Empowerment:

Latinos in New England Andrés Torres, 2006 The first comprehensive look at the growing Latino presence in New England

Latinas in American Politics Samantha L. Hernandez, Leslie A. Navarro, Sharon A. Navarro, 2016-05-12 The challenges that women face as political candidates can be compounded by race In the case of Latinas stereotypes as well as national media coverage and labeling of Latino issues potentially creates an electoral burden for Latina candidates at the local state and national level The intersection of race and gender is complicated and often creates more questions than it answers How are Latinas elected Are they served by this complex identity or hindered by it Latinas in American Politics Embracing and Changing Political Tradition begins addressing the issues by examining the stereotypes Latinas face while running for political office More specifically the perception of voters on ideological standings of Latinas provides insight as to what party Latinas are identified with and how they can use this to their advantage In addition to establishing the role stereotypes play in the electability of Latinas the way they use and diffuse these stereotypes via campaigns is examined The images that Latinas present and how they interact with voters via social media establishes a new dynamic in campaigning and allows for theory building in the area of race gender and campaigns Aside from campaigning party identification for a Latina creates a different barrier How do Latinas bridge this Case studies of prominent Latina officials are examined to understand within which contexts and under what conditions Latinas as candidates and as elected officials will experience intersectionality as advantage and disadvantage Finally the examination of Latina congressional members shows whether and how the intersection of gender and ethnicity in descriptive representation contributes uniquely to patterns of substantive representation Ultimately this volume demonstrates how the intersection of race and gender creates unique situations for representation and electability of candidates

Takeover Domingo Morel, 2018 State takeovers of local governments have garnered national attention of late particularly following the water crisis in Flint Michigan In most U S cities local governments are responsible for decisions concerning matters such as the local water supply and school affairs However once a state takes over this decision making capability is shuttled Despite the widespread attention that takeovers in Flint and Detroit have gained we know little about how such takeovers a policy option that has been in use since the 1980s affect political power in local communities By focusing on takeovers of local school districts this book offers the first systematic study of state takeovers of local governments Although many major U S cities have experienced state takeovers of their local school districts we know little about the political causes and consequences of takeovers Complicating this phenomenon are the justifications for state takeovers while they are assumedly based on concerns with poor academic performance questions of race and political power play a critical role in the takeover of local school districts However Domingo Morel brings clarity to these questions and limitations he examines the factors that contribute to state takeovers as well as the effects and political implications of takeovers on racialized communities the communities most often affected by them Morel both lays

out the conditions under which the policy will disempower or empower racial and ethnic minority populations and expands our understanding of urban politics Morel argues that state interventions are a part of the new normal for cities and offers a novel theoretical framework for understanding the presence of the state in America's urban areas The book is built around an original study of nearly 1000 school districts including every school district that has been taken over by their respective state and a powerful case study of Newark New Jersey

Latinos in the American Political System Jessica L. Lavariega Monforti, 2019-03-14 This encyclopedia provides a comprehensive overview of the evolution of Hispanic Americans engaged in U S politics from increased visibility as governors and other lawmakers at the local state and federal levels to their growing importance as a voting constituency This encyclopedia comprehensively surveys the evolution of Latino engagement in US politics as voters candidates lawmakers and public officials It is an authoritative resource for public library patrons high school students and undergraduates in a variety of curricular studies including political science civics American history and Latino studies The set's A Z entries were carefully selected and crafted to ensure thorough coverage of all of the individuals organizations cultural forces political issues and legal decisions that have combined to elevate the role of Latinos at the polls on the campaign trail in Washington and in mayors offices city councils school boards and statehouses all across the country In depth essays on the rising prominence of Latino Americans as voters candidates public officials lawmakers and opinion leaders will provide further context for understanding their impact on modern U S political processes and institutions from the perspective of liberals and conservatives alike

Latinos in a Changing Society Edwin Meléndez, Martha Montero-Sieburth, 2007-02-28 Given the importance of Latino issues in the current social and economic times the publication of *Latinos in a Changing Society* is both timely and prescient in its contributions to the current discourse of how Latinos are being influenced by U S norms and culture and how Latinos are also affecting U S society This volume contributes to our need for comprehensive analysis of how Latin communities compare and contrast with other underserved groups It also examines how changes are taking place within specific Latino groups particularly between first and second generation Cubans returning Puerto Ricans Dominican poverty and emergent Mexican leaders in the New England area The opportunities that Latinos and dominant mainstream interests share are identified in this volume but so are the many areas in need of change In this current atmosphere of anger and suspicion toward immigrants this volume presents an analytical perspective that is too often absent from politically motivated debates about Latinos and their role in a changing society Undocumented immigrants are often portrayed as people who come to this country to take advantage of a generous welfare system contributing little to the economic and social development of the country This volume critically examines issues such as the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities health access and social programs the policing concerns within the Latino community the academic adjustments made by Latino college students as well as the educational opportunities that exist for Latinos across the country Unlike

publications that seek to summarize knowledge about the Latino population in the United States *Latinos in a Changing Society* provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and incorporation of Latinos in the new century This volume critically examines such issues as the disparity in poverty among Latino groups the lack of access to health services the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities and the educational dropout rates of Latinos across the country and the underlying causes of those rates Unlike publications that seek to summarize knowledge about the Latino population in the United States *Latinos in a Changing Society* provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and incorporation of Latinos in the new century

Latino Politics en Ciencia Política Tony Affigne, Evelyn Hu-DeHart, Marion Orr, 2014 More than 53 million Latinos now constitute the largest fastest growing and most diverse minority group in the United States and the nation's political future may well be shaped by Latinos continuing political incorporation In the 2012 election Latinos proved to be a critical voting bloc in both Presidential and Congressional races this demographic will only become more important in future American elections Using new evidence from the largest ever scientific survey addressed exclusively to Latino Hispanic respondents *Latino Politics en Ciencia Política* explores political diversity within the Latino community considering how intra community differences influence political behavior and policy preferences The editors and contributors all noted scholars of race and politics examine key issues of Latino politics in the contemporary United States Latino identities latinidad transnationalism acculturation political community and racial consciousness The book contextualizes today's research within the history of Latino political studies from the field's beginnings to the present explaining how systematic analysis of Latino political behavior has over time become integral to the study of political science *Latino Politics en Ciencia Política* is thus an ideal text for learning both the state of the field today and key dimensions of Latino political attitudes

Latinos and Latinas at Risk Gabriel Gutiérrez, 2015-01-26 This two volume collection of essays addresses the Latino experience in present day America covering six major areas of importance education health family children teens and violence The Latino presence in this country predates the United States itself yet this group is often marginalized in the American culture Many noted experts explore the ideology behind this prejudicial attitude examining how America views Latinos as how Latinos view themselves and what the future of America will look like as this group progresses toward equitable treatment Through the exploration process the book reveals the complexity and diversity of this community tracing the historical trajectories of those whose diverse points of origin could be from almost anywhere including the Americas Europe or other places Written with contemporary issues at the forefront this timely collection looks at the resolve of the Latino people and considers their histories contributions concerns and accomplishments Pointed essays address disparate quality of life issues in education

health and economic stability while depicting individual and group efforts in overcoming barriers to mainstream American society Each chapter discusses key challenge areas for the Latino American population in everyday life An engaging Further Investigations feature poses questions about most of the essays leading to critical thinking about the most important topics affecting Latino as today

Latino America Mark Overmyer-Velázquez, 2008-10-30 A Hispanic and Latino presence in what is now the United States goes back to Spanish settlement in the sixteenth century in Florida and the progressive U S conquest of the Spanish controlled territory of California and the Southwest by 1853 and the Gadsden Purchase Mexicans in this newly American territory had to struggle to hold on to their land The overlooked history and the debates over new immigration from Mexico and Central America are illuminated by this first state by state history of people termed Latinos or Hispanics Much of this information is hard to find and has never been researched before Students and other readers will be able to trace the Latino presence through time per state through a chronology and historical overview and read about noteworthy Latinos in the state and the cultural contributions Latinos have made to communities in that state Taken together a more complete picture of Latinos emerges The information allows understanding of the current status where the Latino presence is now what types of work they are doing and how they are faring in places with only a small Latino presence All 50 states and the District of Columbia are covered in individual chapters A chronology starts the chapter giving the main dates of Latino presence and important events and population figures The historical overview is the core of the chapter The cast of Latino presence and how they have made their livelihood along with relations with non Latinos are discussed A Notable Latinos section then provides a number of short biographical profiles Cultural contributions are showcased in the final section followed by a bibliography A selected bibliography and photos complement the chapters

La Voz ,2000

Handbook of Latinos and Education Juan Sánchez Muñoz, Enrique G. Murillo Jr., Margarita Machado-Casas, 2009-12-16 Providing a comprehensive review of rigorous innovative and critical scholarship relevant to educational issues which impact Latinos this Handbook captures the field at this point in time Its unique purpose and function is to profile the scope and terrain of academic inquiry on Latinos and education Presenting the most significant and potentially influential work in the field in terms of its contributions to research to professional practice and to the emergence of related interdisciplinary studies and theory the volume is organized around five themes history theory and methodology policies and politics language and culture teaching and learning resources and information The Handbook of Latinos and Education is a must have resource for educational researchers graduate students teacher educators and the broad spectrum of individuals groups agencies organizations and institutions sharing a common interest in and commitment to the educational issues that impact Latinos
