Rich And Strange Gender History Modernism:

Rich and Strange Marianne DeKoven, 2021-07-13 Like the products of the sea change described in Ariel's song in *The Tempest* modernist writing is rich and strange Its greatness lies in its density and its dislocations which have until now been viewed as a repudiation of and an alternative to the cultural implications of turn of the century political radicalism Marianne DeKoven argues powerfully to the contrary maintaining that modernist form evolved precisely as a means of representing the terrifying appeal of movements such as socialism and feminism Organized around pairs and groups of female and male signed texts the book reveals the gender inflected ambivalence of modernist writers Male modernists desiring utter change nevertheless feared the loss of hegemony it might entail while female modernists feared punishment for desiring such change With water imagery as a focus throughout DeKoven provides extensive new readings of canonical modernist texts and of works in the feminist and African American canons not previously considered modernist Building on insights of Luce Irigaray Klaus Theweleit and Jacques Derrida she finds in modernism a paradigm of unresolved contradiction that enacts in the realm of form an alternative to patriarchal gender relations

Modernist Sexualities Hugh Stevens, Caroline Howlett, 2000 Leading critics from Britain Canada and the US examine modernism's imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays

The Future of Modernism Hugh Witemeyer, 1997 Argues for the complex and vital legacy of major modernist authors

Modernist Women Writers and Spirituality Elizabeth Anderson, Andrew Radford, Heather Walton, 2016-12-22 Concentrating on female modernists specifically this volume examines spiritual issues and their connections to gender during the modernist period Scholarly inquiry surrounding women writers and their relation to what Wassily Kandinsky famously hoped would be an Epoch of the Great Spiritual has generated myriad contexts for closer analysis including feminist theology literary and religious history psychoanalysis queer and trauma theory This book considers canonical authors such as Virginia Woolf while also attending to critically overlooked or poorly understood figures such as H D Mary Butts Rose Macaulay Evelyn Underhill Christopher St John and Dion Fortune With wide ranging topics such as the formally innovative poetry of Stevie Smith and Hope Mirrlees to Evelyn Underhill's mystical treatises and correspondence this collection of essays aims to grant voices to the mostly forgotten female voices of the modernist period showing how spirituality played a vital role in their lives and writing

Genders, Races, and Religious Cultures in Modern American Poetry, 1908-1934 Rachel Blau DuPlessis,2001-01-11 In *Genders Races and Religious Cultures in Modern American Poetries* Rachel Blau DuPlessis shows how through poetic language modernist writers represented the debates and ideologies concerning New Woman New Negro and New Jew in the early twentieth century From the poetic text emerge such social issues of modernity as debates on

suffrage sexuality manhood and African American and Jewish subjectivities By a reading method she calls social philology a form of close reading inflected with the approaches of cultural studies Duplessis engages with the work of such canonical poets as Wallace Stevens Ezra Pound T S Eliot William Carlos Williams Gertrude Stein Marianne Moore and H D as well as Mina Loy Countee Cullen Alfred Kreyenborg and Langston Hughes writers she claims still marginalized by existing constructions of modernism This book is an ambitious attempt to remap our understanding of modern poetries and poetics and the relationship between early twentieth century writing and society
