## **Primary Whites A Novel Look At Right Wing Politics:**

**Library Journal** ,1996-04      **Religious Rhetoric in US Right-Wing Politics** Chiara M. Migliori,2022-04-13 This book seeks to understand white conservative Christians support for Donald Trump using their own words Drawing on the triangular relationship between the 45th president and his voters and religious organizations this work investigates the creation of the tale of Trump as the protector and enhancer of Christian values The first part of the book discusses in detail the white conservative Christian constituency in the United States and the development of feelings of displacement and resentment fostered by intergroup threat and nationalism The central part focuses on the actor known as the Religious Right through the rhetoric of one of their most representative organizations in the twenty first century The final part focuses on the character of Donald Trump and his peculiar relationship with religious discourse The book demonstrates that while such discourse is expected of Trump as a Republican candidate his approach to it is characterized by detachment and sloganized exploitation of Christian symbols Ultimately the book highlights the cultural tools that are crucial in the reproduction of structures of inequality and the ways they have been used by conservative politicians and groups to accumulate power

*Mapping White Identity Terrorism and Racially Or Ethnically Motivated Violent Extremism* Heather J. Williams,Luke J. Matthews,Pauline Moore,Matthew A. DeNardo,James V. Marrone,Brian A. Jackson,William Marcellino,Todd C. Helmus,2022 The authors reviewed literature on racially or ethnically motivated violent extremism REMVE analyzed social media data from six platforms and created a global network map to better understand how to inform counter REMVE strategies online

**White Lies: Racism, Education and Critical Race Theory** David Gillborn,2024-06-03 Unpacking Critical Race Theory CRT and exploring why it has become a focus in politics across the US and the UK White Lies uses CRT to expose the systemic racism that shapes education It charts the coordinated campaigns involving think tanks mainstream media and politicians that have tried to silence antiracism in the wake of George Floyd s murder and Black Lives Matter Each chapter is devoted to exposing a key white lie by examining the evidence that shows how the interests of white people continue to occupy centre stage and block movement towards a more equitable education for all Gillborn establishes how the public debates shaped by misinformation and white lies sustain race inequity and portray antiracism as a threat to freedom and justice Key controversies are dissected and debunked including the extensive and coordinated anti CRT campaigns in the US and the UK the use of racial gaslighting to undermine claims to social justice how multiple forms of intimidation are used to silence antiracist teaching and protest the inaccurate portrayal of the white working class as race victims and how cruelty in policy aims to unify whites and demonize minorities By avoiding unnecessary jargon to make complex debates accessible to a wide audience this book is ideal reading for anyone studying CRT or interested in the topic of contemporary educational equality      *Black Rights/White Wrongs* Charles W. Mills,2017-03-01 Liberalism is the political philosophy of equal persons yet liberalism has refused equality to those it saw as sub persons Liberalism is the creed of fairness yet liberalism has been

complicit with European imperialism and African slavery Liberalism is the classic ideology of Enlightenment and political transparency yet liberalism has cast a dark veil over its actual racist past and present In sum liberalism s promise of equal rights has historically been denied to blacks and other people of color In *Black Rights White Wrongs The Critique of Racial Liberalism* political philosopher Charles Mills challenges mainstream accounts that ignore this history and its current legacy in self conceived liberal polities today Mills argues that rather than bracket as an anomaly the role of racism in the development of liberal theory we should see it as shaping that theory in fundamental ways As feminists have urged us to see the dominant form of liberalism as a patriarchal liberalism so too Mills suggests we should see it as a racialized liberalism It is unsurprising then if contemporary liberalism has yet to deliver on the recognition of black rights and the correction of white wrongs These essays look at racial liberalism past and present white ignorance as a guilty ignoring of social reality that facilitates white racial domination Immanuel Kant s role as the most important liberal theorist of both personhood and sub personhood the centrality of racial exploitation in the United States and the evasion of white supremacy in John Rawls s ideal theory framing of social justice and in the work of most other contemporary white political philosophers Nonetheless Mills still believes that a deracialized liberalism is both possible and desirable He concludes by calling on progressives to Occupy liberalism and develop accordingly a radical liberalism aimed at achieving racial justice

**MAGA and the White Social Conservative Worldview** Arthur H. Garrison, 2025-03-15 *MAGA and the White Social Conservative Worldview* The Rhetoric that Colonized the Republican Party examines how political narratives of the American myth created the road that Donald Trump used to colonize and take control of not only the Republican Party but the Republican base voter that was created through the political narratives of politicians including Thomas Jefferson John Calhoun Strom Thurmond George Wallace Barry Goldwater Ronald Reagan Richard Nixon Pat Buchanan and Newt Gingrich All of which culminated in the rhetoric and politics of the Tea Party and its subsequent champion Donald Trump *MAGA and the White Social Conservative Worldview* examines how Trump benefited from decades of resentment Southern Strategy politics and narratives within White social conservatism within the Republican Party Donald Trump is the heir of the party with the seismic party change of Strom Thurmond and a large bloc of Southern voters in reaction to Civil Rights and Voting Rights Acts of the 1960s and the Republican s ultimate adoption of the politics of states rights and fear of tyranny from the federal government This book summarizes foundational rhetorical narratives of the Whitesocial conservative worldview that formed the basis for the rise of its newest incantation Trumpism and how this newest iteration of ideas dating back to Jefferson and Calhoun colonized the modern Republican Party
