The Whistleblowers Mandy Wiener, 2020-10-01 Whistleblowers are seldom seen as heroes Instead they are often viewed through a negative lens described as troublemakers disloyal employees traitors snitches and in South Africa as impimpis or informers They risk denigration and scorn not to mention dismissal from their positions and finding their careers in tatters With corruption and fraud endemic in democratic South Africa whistleblowers have played a pivotal role in bringing wrongdoing to light They have provided an invaluable service to society through disclosures about cover ups malfeasance and wrongdoing Their courageous acts have resulted in the recovery of millions of rands to the fiscus and to their fellow citizens as well as improved transparency and accountability for office bearers and politicians Some would argue it was whistleblowing that brought down a president and the corrupt state capture regime But in most cases the outcomes for the whistleblowers themselves are harrowing and devastating Some have been gunned down in orchestrated assassinations others have been threatened and targeted in sinister dirty tricks campaigns Many are hounded out of their jobs ostracised and victimised They struggle to find employment and are pushed to the fringes of society Where there is litigation this drags on and on through the courts Mental health and relationships suffer The psychological burden of choosing to speak up when there has been little reward or compensation is a heavy one to carry The Whistleblowers shines a light on their plight advocating for a change in legislation organisational support and social attitudes in order to embolden more potential whistleblowers to have the courage to step up Their status as whistleblowers is sometimes contentious this book delves into whether they deserve the status or whether they were in fact complicit in the wrongdoing they claimed to expose These are the raw and evocative accounts of South Africa's whistleblowers told in their own voices and from their own perspectives from the hallowed corridors of parliament to the political killing fields of KwaZulu Natal from the fraud riddled platinum belt to the impoverished gang ridden suburb of Elsies River from the gantried freeways of Gauteng to the Bosasa blesser's facebrick campus in Krugersdorp from the wild east of Mpumalanga to the corporate jungle of Sandton and from the wide farmlands of the Free State to that compound of corruption in Saxonwold
