Donna Marie Easter, 2022-06-15 Fear mixed with dread combined with a heart racing stomach churning sense of panic Donna Easter's reminiscence of her husband's death to prostate cancer cuts deep Even if you've never lost a partner grief comes in all shapes she explains in her memoir *A Life Continued Living After Losing Your Best Friend* Whether you are working through divorce or a first responder struggling with trauma no one is immune from grief Easter invites readers along on her journey of healing sharing intimate details about loss but also providing courage and consolation After 40 years of marriage Easter learned to thrive again recognizing that a life lived alone can be enriching and fulfilling just as her longtime partnership was She offers glimpses of humour and hope in her book musing about the bewildering number of screwdriver types and acknowledging that she was still living and working for her late husband's approval permission admiration and respect Now she has the confidence to live her life in forward motion instead of backward glances Written with courage and conviction *A Life Continued* is also a call to action After a four year battle with the healthcare system which provided little support during her husband's illness Easter has tried to educate the system and cancer care professionals on how they can improve removing bureaucracy and enhancing compassion when families need it most **The Horn Book Guide to**

Northeaster Cathie Pelletier, 2023-01-03 A vivid and gripping story of an epic Maine snowstorm that tested the very limits of human endurance For many the past few years have been defined by climate disaster Stories about once in a lifetime hurricanes floods fires droughts and even snowstorms are now commonplace But dramatic weather events are not new and *Northeaster* Cathie Pelletier's breathtaking account of the 1952 snowstorm that blanketed New England offers a valuable reminder about nature's capacity for destruction as well as insight into the human instinct for preservation *Northeaster* weaves together a rich cast of characters whose lives were uprooted and endangered by the storm Housewives and lobstermen loggers and soldiers were all trapped as snow piled in drifts twenty feet high The storm smothered hundreds of travelers in their cars covered entire towns and broke ships in half In the midst of the blizzard's chaos there were remarkable acts of heroism and courageous generosity Doctors braved the storm to help deliver babies Ordinary people kept their wits while buried in their cars and others made their way out of forests to find kind hearted strangers willing to take them in It's likely that none of us know how we would handle a confrontation with a blizzard or other natural disaster But *Northeaster* shows that we have it inside to fight for survival in some of the harshest conditions that nature has to offer

of experience as a therapist parenting coach and mother of a child who was afraid of dogs I developed the Overcoming Fear of Dogs OFOD protocol This is a step by step guide for parents therapists will find it helpful as well based on exposure therapy using a live dog This book provides an easy to understand tool for parents to help their child overcome the fear of dogs By using exposure therapy and my specifically designed exercises parents will gradually increase their child s exposure to a real dog and thereby decrease their child s fear and resistance This book helps parents understand how and why their child is afraid of dogs and most importantly how to help their child face the fear and overcome it When a child has a strong fear of dogs it is important to address this fear as soon as possible There is much to gain when children are able to overcome their fears They develop self confidence and self esteem and feel empowered Children who face their fears learn coping skills and self control two of the biggest predictors of success later in life In addition they learn to speak up and ask for help By using the method in this book children will become more aware of their feelings and learn to express them clearly Mindfulness and relaxation exercises are included in the book to help this develop Anxiety and fear create the feeling of being out of control My method helps kids feel in control and take back the leash when interacting with dogs Most children do not outgrow this fear and they need to have supervised brief and positive experiences with dogs in order to feel safe and in control when interacting with them Dogs are everywhere these days and it is impossible to avoid them Kids who are afraid of dogs suffer socially and emotionally They avoid sleepovers and play dates where a dog is in residence They often refuse to go to a park in case they might encounter a dog Some children will even endanger themselves by running into the street to avoid a dog Children are afraid of things they don t understand and this book provides education for parents and children about dogs The book includes information on how dogs communicate as well as how to read dogs and know when it is safe to interact with them and when it is best to stay away My ultimate goal is to enable children to feel comfortable around dogs so their lives aren t disrupted by the fear of them While the book is designed for parents of children aged 5 12 my method can be used with older children and adults
