Postmodern Children's Ministry Ivy Beckwith, 2009-08-30 This practical thought provoking book presents a new paradigm for children s ministry in the emerging 21ST century and explores how churches are currently putting that vision into practice Advocating the need to regard children as full participants in their faith communities the book provides strategies for building intergenerational community where children feel they belong and have the opportunity to serve A Heart for the Community John Fuder, Noel Castellanos, 2013-08-28 Our nation used to look at violence poverty and gentrification and assign those problems to urban centers Today these issues concern the suburbs too The Christian community is responding to this reality Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs In *A Heart for the Community* New Models for Urban and Suburban Ministry you will be challenged by a collection of voices seeking community renewal These individuals are involved in creative church planting initiatives and they are serving the growing Hispanic and Muslim populations Additional endeavors include serving racially changing communities economic development strategies and more As anyone who has been in ministry for any length of time can attest tackling some of the most challenging issues of our times is no mere academic exercise The voices within these pages write from experience and offer workable vibrant models of ministry that make a difference *Puppet and Spirit: Ritual, Religion, and Performing Objects* Claudia Orenstein, Tim Cusack, 2024-10-17 This anthology of essays a companion to *Puppet and Spirit* *Ritual Religion and Performing Objects* Volume I aims to explore the many types of relationships that exist between puppets broadly speaking and the immaterial world The allure of the puppet goes beyond its material presence as historically and throughout the globe many uses of puppets and related objects have expressed and capitalized on their posited connections to other realms or ability to serve as vessels or conduits for immaterial presence The flip side of the puppet s troubling uncanniness is precisely the possibilities it represents for connecting to discarnate realities Where do we see such connections in contemporary artistic work in various mediums How do puppets open avenues for discussion in a world that seems to be increasingly polarized around religious values How do we describe analyze and theorize the present moment What new questions do puppets address for our times and how does the puppet s continued entanglement with these concerns trouble or comfort us The essays in this book from scholars and practitioners provide a range of useful models and critical vocabularies for addressing this aspect of puppet performance

further expanding the growing understanding and appreciation of puppetry generally This book along with its companion volume offers for the first time robust coverage of this subject from a diversity of voices examples and perspectives
