Frankie Sionil José Edwin Thumboo, 2005 Frankie Sionil Jos of the Philippines is

among Asia's leading fictionist. In a career spanning more than half a century that included editing *Solidarity* which promotes writing in and about Southeast Asia, he has produced a remarkable body of fiction. Apart from winning various prizes, he was a Ramon Magsaysay awardee 1980 and a National Artist for Literature 2001. This tribute in commemoration of Jos's 80th birthday brings together reminiscences, poems, a substantial number of essays, all published for the first time. The comprehensive bibliography is indispensable to all who wish to study his work. By leading scholars of Filipino literature, the essays examine such themes as nation, history, and society in Jos's works and his use of English, of myth through an examination of single or groups of texts, of which the quintet that form the Rosales Saga is the most notable. They provide a challenging explication and assessment that together with the other contributions make the volume an authoritative stimulating introduction to Jos and to Filipino and Asian literature in English. It should be in all major libraries. *The Book of Pet Love and Loss* Sara Bader, 2023-06-13. A powerful collection of quotations by writers, leaders, and legends on the pain of losing a pet and overcoming grief. An animal's love is deep, uncomplicated, unconditional, and forgiving. Affection without ambivalence is how Sigmund Freud described the connection. No matter how awful the day or how awful I am behaving at any given moment, George doesn't care, writes journalist John Dickerson. He finds me smoldering in my chair and dashes to my lap. Our lives are intricately intertwined with our pets, and together over time we establish rituals that are as steady as a metronome. It's no wonder the grief is crushing when they depart; even those who've had time to prepare describe feeling stunned, devastated, and cracked in two. We were a bit broken up over the death of our black Persian cat, crime novelist Raymond Chandler confessed. When I say a bit broken up, I am being conventional. For us, it was a tragedy. Nobel Prize-winning author V.S. Naipaul described the experience as calamitous, and writer May Sarton called it a volcanic eruption of woe. Poet Emily Dickinson was so bereft she asked for help. Carlo died, she announced in a letter to her friend Thomas Wentworth Higginson in 1866: Would you instruct me now. *The Book of Pet Love and Loss* is a collection of quotations, poignant thoughts, and memories discovered in letters, journals, diaries, memoirs, and other original sources from beloved cultural figures who understood this singular experience so deeply they felt compelled to write about it. This book dignifies the profound connection we share with our animal companions but it also provides solace as mourners document their heartache over the loss of their cats, dogs, rabbits, birds, and other animals, even in the case of Pablo Neruda, a mongoose. Their comforting and wise words are what every animal lover needs on this journey of heartbreak and healing. *The Dark Side of Love* Jane Goldberg, 2017-07-12. Many mothers have disturbing fantasies of killing their children. Husbands imagine with guilt cheating on their wives. Parents stand on the brink of hitting their teenage children or may actually do so while the teens fabricate elaborate strategies of revenge. Hurt, pain, uncontrollable rage, and other forms of abuse also make up the dark side of love. This landmark book has a bold thesis: The denied dark side of love that can show us love's true nature. By acknowledging our negative feelings, we can come into the full spectrum of emotion and hear the message of our darker

feelings without acting them out Through this we can increase our capacity for love To explain her perspective Jane Goldberg traces the development of love and hate from infancy She debunks simplistic myths about mother love and portrays the mother child bond in all its facets She explores the hidden recesses of family love and romantic love and shows how the acceptance of constructive expressions of anger jealousy and competition can enhance intimacy Drawing on case histories from her psychoanalytic practice as well as mythic stories Goldberg offers insights into the troubling but universal nature of the dark side of love In a highly accessible style she explores how to develop a psychological immune system to protect against the potentially destructive elements in relationships and allow for a constructive expression of love s dark side Her debate provoking book should be read by psychoanalysts and psychotherapists individuals who have suffered from the pains and hurts of love and indeed by those who are interested in human motivation and behavior **True Tales of Puppy Love**
