Purity And Monotheism:

Purity and Monotheism Walter Houston, 1993-01-01 The distinction between clean and unclean animals probably originating in tensions between shepherds and farmers is in the biblical laws of Leviticus 11 and Deuteronomy 14 transformed into an important theological principle In this wide ranging and elegantly written study Houston argues that the avoidance of unclean foods is a mark of the exclusive devotion of Israel to one god In a concluding chapter it is suggested that the abolition of the distinction in early Christianity corresponds to the universal horizon of the new faith **The**

Concept of Monotheism in Islam and Christianity Hans Köchler, 1982 Concept of Monotheism in Islam Christianity

Monotheism and Tolerance Robert Erlewine, 2010 Why are religious tolerance and pluralism so difficult to achieve Why is the often violent fundamentalist backlash against them so potent Robert Erlewine looks to a new religion of reason for answers to these questions Drawing on Enlightenment writers Moses Mendelssohn Immanuel Kant and Hermann Cohen who placed Christianity and Judaism in tension with tolerance and pluralism Erlewine finds a way to break the impasse soften hostilities and establish equal relationships with the Other Erlewine's recovery of a religion of reason stands in contrast both to secularist critics of religion who reject religion for the sake of reason and to contemporary religious conservatives who eschew reason for the sake of religion Monotheism and Tolerance suggests a way to deal with the intractable problem of religiously motivated and justified violence *Glimpses of a Strange Land* Cyril S. Rodd, 2001-08-02 In this challenging book Cyril Rodd questions many of the assumptions that lie behind recent studies of Old Testament ethics He views the strangeness of the biblical world and wonders whether there is an Old Testament ethics in the modern sense of the word finding rather that the Old Testament writers did not regard many of today's ethical dilemmas as problems at all Dr Rodd examines all the Old Testament writings on five ethical issues the poor war treatment of animals ecology and the position of women He considers their validity and relevance for today and discusses the extent to which they can be referred to for authority or for inspiration and guidance *Animals on the Agenda* Andrew Linzey, Dorothy Yamamoto, 1998 This encyclopaedic volume is the most comprehensive collection of original studies on animals and theology ever published With contributors from both sides of the Atlantic it tackles many apparently simple issues which raise fundamental questions about theology and how it is done *Leviticus* Johnson M. Kimuhu, 2008 Whereas many books in this field deal with individual aspects or texts of the study of family laws Leviticus The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa examines extensively biblical texts ancient Near Eastern text and oral traditions from Africa Thus three different cultures converge the world of the Hebrew Bible the world of the ancient Near East and the world of Africa This volume examines in detail the history of the development of ancient laws in general and family laws in particular especially the laws relating to marriages between close relatives Furthermore Johnson M Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into

African languages In that sense Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew and he also offers insights into the current debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos *The Making of Fornication* Kathy L. Gaca, 2017-10-26 This provocative work provides a radical reassessment of the emergence and nature of Christian sexual morality the dominant moral paradigm in Western society since late antiquity While many scholars including Michel Foucault have found the basis of early Christian sexual restrictions in Greek ethics and political philosophy Kathy L Gaca demonstrates on compelling new grounds that it is misguided to regard Greek ethics and political theory with their proposed reforms of eroticism the family and civic order as the foundation of Christian sexual austerity Rather in this thoroughly informed and wide ranging study Gaca shows that early Christian goals to eradicate fornication were derived from the sexual rules and poetic norms of the Septuagint or Greek Bible and that early Christian writers adapted these rules and norms in ways that reveal fascinating insights into the distinctive and largely non philosophical character of Christian sexual morality Writing with an authoritative command of both Greek philosophy and early Christian writings Gaca investigates Plato the Stoics the Pythagoreans Philo of Alexandria the apostle Paul and the patristic Christians Clement of Alexandria Tatian and Epiphanees freshly elucidating their ideas on sexual reform with precision depth and originality Early Christian writers she demonstrates transformed all that they borrowed from Greek ethics and political philosophy to launch innovative programs against fornication that were inimical to Greek cultural mores popular and philosophical alike The Septuagint's mandate to worship the Lord alone among all gods led to a Christian program to revolutionize Gentile sexual practices only for early Christians to find this virtually impossible to carry out without going to extremes of sexual renunciation Knowledgeable and wide ranging this work of intellectual history and ethics cogently demonstrates why early Christian sexual restrictions took such repressive ascetic forms and casts sobering light on what Christian sexual morality has meant for religious pluralism in Western culture especially among women as its bearers

A Marginal Jew: Rethinking the Historical Jesus, Volume IV John P. Meier, 2009-06-02 John Meier's previous volumes in the acclaimed series *A Marginal Jew* are founded upon the notion that while solid historical information about Jesus is quite limited people of different faiths can nevertheless arrive at a consensus on fundamental historical facts of his life In this eagerly anticipated fourth volume in the series Meier approaches a fresh topic the teachings of the historical Jesus concerning Mosaic Law and morality with the same rigor thoroughness accuracy and insightfulness on display in his earlier works *Semiotics of Religion* Robert A. Yelle, 2012-11-22 Following the heyday of Lévi-Straussian structuralism in the 1970s 80s little attention has been paid by scholars of religion to semiotics *Semiotics of Religion* reassesses key semiotic theories in the light of religious data Yelle examines the semiotics of religion from structural and historical perspectives

drawing on Peircean linguistic anthropology Jakobsonian poetics comparative religion and several theological traditions This book pays particular attention to the transformation of religious symbolism under modernization and the rise of a culture of the printed book Among the topics addressed are ritual repetition and the poetics of ritual performance magic and the belief in a natural iconic language Protestant literalism and iconoclasm disenchantment and secularization Holiness arbitrariness and agency Building from the legacy of structuralism while interrogating several key doctrines of that movement Semiotics of Religion both introduces the field to a new generation and charts a course for future research **Holiness and**

Community in 2 Cor 6:14-7:1 J. Ayodeji Adewuya, 2011-02-01 This book examines 2 Cor 6 14 7 1 and argues that its theological message is communal holiness It culminates in an attempt to posit a Pauline theology of corporate sanctification in the Corinthian correspondence Paul's view of sanctification it is argued should be seen as multifaceted relational communal ethical and mission oriented Thus a coherent picture of Pauline teaching on holiness in the Corinthian correspondence emerges from this book For Paul the focus of God's redemptive activity is primarily the community and not the individual Paul's view on holiness has to do with communal holiness within the people of God the goal of which is to make God known to the wider society In sum this book argues that the teaching on holiness should not be and cannot be satisfactorily explained in terms of the individual but only as the individual stands in relation to the community of faith Thus the conclusion offers a corrective to some strands of modern interpretation that emphasize the individualistic experiential aspects of Christian holiness thus tending to reduce Christian holiness to morality
