Alexander Dugin

Putin Vs Putin Vladimir Putin Viewed From The Right:

Putin Vs Putin Alexander Dugin, 2015-05-25 According to Prof Alexander Dugin Vladimir Putin stands at a crossroads Throughout his career as the President of Russia Putin has attempted to balance two opposing sides of his political nature one side is a liberal democrat who seeks to adopt Western style reforms in Russia and maintain good relations with the United States and Europe and the other is a Russian patriot who wishes to preserve Russia's traditions and reassert her role as one of the great powers of the world According to Dugin this balancing act cannot go on if Putin wishes to enjoy continuing popular support among the Russian people Putin must act to preserve Russia's unique identity and sovereignty in the face of increasing challenges both from Russian liberals at home and from foreign powers Russia is no longer strong enough to stand on her own he writes In order to do this Russia must cooperate with other dissenting powers who oppose the new globalist order of liberalism to bring about a multipolar world in which no single nation wields supreme power but rather several major powers keep each other in balance Russia is crucial to this effort in Dugin's view and indeed its own survival as a unique and independent civilisation is dependent on a geopolitical shift away from the unipolar world represented by America's unchecked supremacy This fascinating book written by an informal advisor to Putin and a Kremlin insider is the first of its kind in English Alexander Dugin b 1962 is one of the best known writers and political commentators in post Soviet Russia having been active in politics there since the 1980s In addition to the many books he has authored on political philosophical and spiritual topics he is the leader of the International Eurasia Movement which he founded For more than a decade he has been an advisor to Vladimir Putin and the Kremlin on geopolitical matters and was head of the Department of Sociology at Moscow State University Arktos has also published his books *The Fourth Political Theory* 2012 *Eurasian Mission An Introduction to Neo Eurasianism* 2014 and *Last War of the World Island The Geopolitics of Contemporary Russia* 2015

Putin vs Putin Alexander Dugin, 2014-10-06 According to Prof Alexander Dugin Vladimir Putin stands at a crossroads Throughout his career as the President of Russia Putin has attempted to balance two opposing sides of his political nature one side is a liberal democrat who seeks to adopt Western style reforms in Russia and maintain good relations with the United States and Europe and the other is a Russian patriot who wishes to preserve Russia's traditions and reassert her role as one of the great powers of the world According to Dugin this balancing act cannot go on if Putin wishes to enjoy continuing popular support among the Russian people Putin must act to preserve Russia's unique identity and sovereignty in the face of increasing challenges both from Russian liberals at home and from foreign powers Russia is no longer strong enough to stand on her own he writes In order to do this Russia must cooperate with other dissenting powers who oppose the new globalist order of liberalism to bring about a multipolar world in which no single nation wields supreme power but rather several major powers keep each other in balance Russia is crucial to this effort in Dugin's view and indeed its own survival as a unique and independent civilisation is dependent on a geopolitical shift away from the unipolar world represented by

America's unchecked supremacy This fascinating book written by an informal advisor to Putin and a Kremlin insider is the first of its kind in English **Russia after 2020** J. L. Black, 2021-09-25 This book presents a comprehensive survey of the current state of Russia and how Russia is likely to develop in the immediate future Not always sticking to the mainstream narrative it covers political events including Putin's constitutional reforms of January 2020 and their likely consequences economic developments Russia's international relations and military activities and changes and issues in Russian society including in education the place of women health care and religion Special attention is paid to manifestations of the COVID 19 pandemic The book's overall conclusion is that events of 2020 may compel Putin to think again before he decides whether to run for office in 2024 **Publications Combined: Russia's Regular And Special Forces In The Regional And Global War On Terror** , Over 2 400 total pages Russian outrage following the September 2004 hostage disaster at North Ossetia's Beslan Middle School No 1 was reflected in many ways throughout the country The 52 hour debacle resulted in the death of some 344 civilians including more than 170 children in addition to unprecedented losses of elite Russian security forces and the dispatch of most Chechen allied hostage takers themselves It quickly became clear as well that Russian authorities had been less than candid about the number of hostages held and the extent to which they were prepared to deal with the situation Amid grief calls for retaliation and demands for reform one of the more telling reactions in terms of hardening public perspectives appeared in a national poll taken several days after the event Some 54% of citizens polled specifically judged the Russian security forces and the police to be corrupt and thus complicit in the failure to deal adequately with terrorism while 44% thought that no lessons for the future would be learned from the tragedy This pessimism was the consequence not just of the Beslan terrorism but the accumulation of years of often spectacular failures by Russian special operations forces SOF in the apt US military acronym A series of Russian SOF counterterrorism mishaps misjudgments and failures in the 1990s and continuing to the present have made the Kremlin's special operations establishment in 2005 appear much like Russia's old Mir space station wired together unpredictable and subject to sudden startling failures But Russia continued to maintain and expand a large variegated special operations establishment which had borne the brunt of combat actions in Afghanistan Chechnya and other trouble spots and was expected to serve as the nation's principal shield against terrorism in all its forms Known since Soviet days for tough personnel personal bravery demanding training and a certain rough or brutal competence that not infrequently violated international human rights norms it was supposed that Russian special operations forces steeped in their world of threats to the state and associated with once dreaded military and national intelligence services could make valuable contributions to countering terrorism The now widely perceived link between corrupt special forces on the one hand and counterterrorism failures on the other reflected the further erosion of Russia's national security infrastructure in the eyes of both Russian citizens and international observers There have been other more ambiguous but equally unsettling dimensions of Russian SOF activity as well that have strong

internal and external political aspects These constitute the continuing assertions from Russian media the judicial system and other Federal agencies and officials that past and current members of the SOF establishment have organized to pursue interests other than those publicly declared by the state or allowed under law This includes especially the alleged intent to punish by assassination those individuals and groups that they believe have betrayed Russia The murky nature of these alleged activities has formed a backdrop to other problems in the special units Putinism Walter Laqueur,2015-06-30 There is no question that tensions between Russia and American are on the rise The forced annexation of Crimea the downing of Malaysia Airlines flight 17 and the Russian government s treatment of homosexuals have created diplomatic standoffs and led to a volley of economic sanctions Much of the blame for Russia s recent hostility towards the West has fallen on steely eyed President Vladimir Putin and Americans have begun to wonder if they are witnessing the rebirth of Cold War style dictatorship Not so fast argues veteran historian Walter Laqueur For two decades Laqueur has been ahead of the curve predicting events in post Soviet Russia with uncanny accuracy In Putinism he deftly demonstrates how three long standing pillars of Russian ideology a strong belief in the Orthodox Church a sense of Eurasian manifest destiny and a fear of foreign enemies continue to exert a powerful influence on the Russian populous In fact today s Russians have more in common with their counterparts from 1904 than 1954 and Putin is much more a servant of his people than we might think Topical and provocative Putinism contains much more than historical analysis Looking to the future Laqueur explains how America s tendency to see Russia as a Cold War relic is dangerous and premature As the situation in Ukraine has already demonstrated Russia can and will challenge the West and it is in our best interest to figure out exactly who it is we are facing and what they want before it is too late **Slavernij/Oekraïne** Ton Vink,Menno R. Kamminga,Evert van der Zweerde,Peter Claessens,Floris van den Berg,Paul van Tongeren,Jozef Keulartz,Petran Kockelkoren,Cees Maris,Heleen Pott,2022-12-01 Dit tweede nummer van jaargang 43 van Filosofie huidige generaties zijn niet zomaar verantwoordelijk voor vroeger leed onder een ander staatsbestel en excuses kunnen tot polarisatie leiden Niettemin ijveren linkse politieke partijen en actievoerders ervoor dat de regering eindelijk excuses aanbiedt in 2023 wanneer 150 jaar afschaffing van de slavernij wordt herdacht Zoals de regering in januari 2020 excuses aanbood voor de overheidsrol bij de Holocaust zou zij dat ook moeten doen voor de nationale betrokkenheid bij de gruweldaden van slavenhandel en slavernij De druk op de regering neemt toe door de excuses die Amsterdam Rotterdam en Utrecht hebben aangeboden voor hun stedelijke slavernijverleden en de plannen van andere steden hiertoe Maar de maatschappelijke weerstand is groot Op deze discussie komt F het is ze erom te doen de mogelijke politieke bondgenoot van de vijand te onderwerpen En zijn ze eenmaal deze weg ingeslagen is er geen houden meer aan voor alles is er een excuus In zijn reviewartikel Filosofie van menselijkheid De droom van Johan Braeckman gaat Floris van den Berg in op het interviewboek Een zoektocht naar menselijkheid Dirk Verhofstadt in gesprek met Johan Braeckman 2021 door filosoof Dirk Verhofstadt Na Op zoek naar waarheid met Etienne Vermeersch 2019 en Op zoek naar harmonie met Paul

Cliteur 2012 interviewt Verhofstadt nu Johan Braeckman Paul van Tongeren zorgt in Een prachtige nalatenschap voor een bespreking van het boek van Erik Oger Als in een honderdvoudige spiegel Nietzsches perspectivische schrijven Kalmhout Pelckmans 2022 406 pp En Jozef Keulartz bespreekt in Vertel dat maar aan Alexei Navalny Monsieur Latour van Arjen Kleinherenbrink De Constructie van de wereld De filosofie van Bruno Latour Amsterdam Boom 2022 240 pp De rubriek Signalementen vormt zoals gebruikelijk de afsluiting van dit nummer

Last War of the World-Island: The Geopolitics of Contemporary Russia Alexander Dugin, 2015-05-26 Alexander Dugin traces the geopolitical development of Russia from its origins in Kievan Rus and the Russian Empire through the peak of its global influence during the Soviet era and finally to the current presidency of Vladimir Putin Dugin sees Russia as the primary geopolitical pole of the land based civilizations of the world forever destined to be in conflict with the sea based civilizations At one time the pole of the seafaring civilizations was the British Empire today it is represented by the United States and its NATO allies Russia can only fulfill its geopolitical mission by remaining in opposition to the sea powers Today according to Dugin this conflict is not only geopolitical in scope but also ideological Russia is the primary representative and defender of traditional values and idealism whereas the West stands for the values of liberalism and the market driven society Whereas Russia began to lose sight of its mission during the 1990s and threatened to succumb to domination by the Western powers Dugin believes that Putin has begun to correct its course and return Russia to her proper place But the struggle is far from over while progress has been made Russia remains torn between its traditional nature and the temptations of globalism and Westernization and its enemies undermine it at every turn Dugin makes the case that it is only by remaining true to the Eurasian path that Russia can survive and flourish in any genuine sense otherwise it will be reduced to a servile and secondary place in the world and the forces of liberalism will dominate the world unopposed

Putin's War in Syria Anna Borshchevskaya, 2021-11-04 Skillfully lays out Mr Putin's approach to the Middle East Wall Street Journal Detailed and fascinating Diplomatic Courier Putin intervened in Syria in September 2015 with international critics predicting that Russia would overextend itself and Barack Obama suggesting the country would find itself in a quagmire in Syria Contrary to this Anna Borshchevskaya argues that in fact Putin achieved significant key domestic and foreign policy objectives without crippling costs and is well positioned to direct Syria's future and become a leading power in the Middle East This outcome has serious implications for Western foreign policy interests both in the Middle East and beyond This book places Russian intervention in Syria in this broader context exploring Putin's overall approach to the Middle East historically Moscow has a special relationship with Damascus and traces the political diplomatic military and domestic aspects of this intervention Borshchevskaya delves into the Russian military campaign public opinion within Russia as well as Russian diplomatic tactics at the United Nations Crucially this book illustrates the impact of Western absence in Syria particularly US absence and what the role of the West is and could be in the Middle East

Russia and the Western Far Right Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far

right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low profile As Moscow has become more anti Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow s politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia s role in the world its strategies aimed at securing legitimisation of Putin s regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas Vladimir Putin's Version of War and Peace J. L. Black, 2025-03-24 Like its predecessor *Eternal Putin Confronting Navalny the Pandemic Sanctions and War with Ukraine* Lexington 2023 Vladimir Putin s *Version of War and Peace The Battle for the Russian Home Front 2022-24* is a chronological and descriptive account of almost all facets of Russian life during a very short period of time i e from the onset of Russia s war on Ukraine in February 2022 to its presidential election in March 2024 Its strength lies in its wealth of detail on Russia s home front To set the stage the first chapters cover the course of war primarily focused on the consequences of the war for Russians at home The ripple effects follow in chapters on Russia s politics its economy human and civil rights and the Kremlin s international relationships Among the subjects featured in sub sections are the foreign agent frenzy pressure against the LGBT community schools as incubators of young patriots healthcare the environment the media Russia s new diaspora in exile the Russian Orthodox Church s role war crimes and international sport Putin as *vozh* leader is the subject of one chapter Russia s forced and chosen pivot to the East for political and economic allies are also examined Above all this book highlights the Russian government s attempts to create a loyal citizenry Nowhere else is the battle for the home front covered so thoroughly
