Pro Archia Marcus Tullius Cicero, 1988 **A History of Western Philosophy of Education in Antiquity** Avi I. Mintz, 2021-01-28 This volume traces the history of Western philosophy of education in Antiquity Between the fifth century BCE and the fifth century CE Plato Isocrates Aristotle Cicero Augustine and others raised questions about the nature of teaching and learning the relationship of education and politics and the elements of a distinctively philosophical education Their arguments on these topics launched a conversation that occupied philosophers over the millennia and continues today About A History of Western Philosophy of Education An essential resource for researchers scholars and students of education this five volume set that traces the development of philosophy of education through Western culture and history Focusing on philosophers who have theorized education and its implementation the series constitutes a fresh dynamic and developing view of educational philosophy It expands our educational possibilities by reinvigorating philosophy s vibrant critical tradition connecting old and new perspectives and identifying the continuity of critique and reconstruction It also includes a timeline showing major historical events including educational initiatives and the publication of noteworthy philosophical works **Ancient Rome** R. Scott Smith, 2014-03-15 Terrific exactly the sort of collection we have long needed one offering a wide range of texts both literary and documentary and that with the inclusion of Sulpicia and Perpetua allows students to hear the voices of actual women from the ancient world The translations themselves are fluid the inclusion of long extracts allows students to sink their teeth into material in ways not possible with traditional source books The anonymous texts inscriptions and other non literary material topically arranged in the Documentary section will enable students to see how the documentary evidence supplements or undermines the views advanced in the literary texts This is a book that should be of great use to anyone teaching a survey of the history of Ancient Rome or a Roman Civilization course I look forward to teaching with this book which is I think the best source book I have seen for the way we teach these days David Potter University of Michigan **Cicero, Pro Archia** Grace Starry West, 1988 *The Classical Outlook* , 1999 Subject Guide to Books in Print , 1975 **Books in Print** , 1994 **Publishers Directory** , 1994 Forthcoming Books Rose Army, 1988-09
