General Catalogue of Printed Books British Museum. Department of Printed Books,1969 The Comic Imagination in Modern African Literature and Cinema Maik Nwosu,2016-02-05 This book is a seminal study that significantly expands the interdisciplinary discourse on African literature and cinema by exploring Africa's under visited carnivalesque poetics of laughter Focusing on modern African literature as well as contemporary African cinema particularly the direct to video Nigerian film industry known as Nollywood the book examines the often neglected aesthetics of the African comic imagination In modern African literature which sometimes creatively traces a path back to African folklore and in Nollywood with its aesthetic relationship to Onitsha Market Literature the pertinent styles range from comic simplicitas to comic magnitude with the facilitation of language characterization and plot by a poetics of laughter or lightness as an important aspect of style The poetics at work is substantially carnivalesque a comic preference or tendency that is attributable in different contexts to a purposeful comic sensibility or an unstructured but ingrained or virtual comic mode In the best instances of this comic vision the characteristic laughter or lightness can facilitate a revaluation or reappreciation of the world either because of the aesthetic structure of signification or the consequent chain of signification This referentiality or progressive signification is an important aspect of the poetics of laughter as the African comic imagination variously reflects across genres both the festival character of comedy and its pedagogical value This book marks an important contribution to African literature postcolonial literature world literature comic imagination poetics critical theory and African cinema

The English Catalogue of Books Published from January, 1835, to January, 1863 ,1864 The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1895 **British Books in Print** ,1979 **British Museum Catalogue of Printed Books** ,1884 **The Future of the Book in the Digital Age** Bill Cope,Angus Phillips,2006-12-31 With contributions from some of the world's leading authorities this publication considers the future of the book in the digital age As more books are published than ever before this timely publication addresses a range of critically important themes relating to the book including the present and future for publishing libraries literacy and learning in the information society In the early 1990s the printed word appeared to be facing a terminal crisis threatened from all sides by new media and other forms of entertainment Subsequently the book has proved to be resilient in the face of these challenges confounding the predictions of those who saw its replacement whilst digital technology is providing mechanisms that enhance our ability to produce and distribute printed books New developments such as the growth of self publishing and print on demand and initiatives from major players such as Amazon and Google mean that the printed book is in the middle of great changes Chapters by leading experts in the field of publishing studies and information science A broad range of perspectives on key issues such as print on demand and digital publishing Contributions from around the world George Moore on Parnassus George Moore,O M. Brack,1988 Through the letters and commentary in this volume the Irish writer George Moore is

revealed as a man and artist far more complex and important than most works on him suggest one who played a significant role in the Irish Literary Renaissance **Castiglione's Allegory** W.R. Albury,2016-04-08 Castiglione's Book of the Courtier Il libro del cortegiano 1528 a dialogue in which the interlocutors attempt to describe the perfect courtier was one of the most influential books of the Renaissance In recent decades a number of postmodern readings of this work have appeared emphasizing what is often characterized as the playful indeterminacy of the text and seeking to detect inconsistencies which are interpreted as signs of anxiety or bad faith in its presentation In contrast to these postmodern readings the present study conducts an experiment What understanding does one gain of Castiglione's book if one attempts an early modern reading The author approaches The Book of the Courtier as a text in which some of its most important aspects are intentionally concealed and veiled in allegory W R Albury argues that this early modern reading of The Book of the Courtier enables us to recover a serious political message which has a great deal of contemporary relevance and which is lost from sight when the work is approached primarily as a courtly etiquette book or as a lament for the lost influence of the aristocracy in an age when autocratic nation states were coming into being or as an impersonal textual field upon which a free play of transformations and deconstructions may be performed *Write, Think, Learn* Mary Tedrow,2017-08-15 Find out how to create the climate and space for everyday student writing In this new co publication with MiddleWeb award winning teacher Mary Tedrow shows you how to encourage students to integrate daily writing into their lives leading to improved critical thinking skills increased knowledge of subject areas and greater confidence in written expression This practical guide will help you consider the unique needs of your students while still meeting state standards You ll discover how to Develop classroom routines and activities that invite creativity and self expression Teach writing methods that can be used across different grade levels and all content areas Challenge students to examine their own writing processes for thinking and problem solving Evaluate written work in a way that emphasizes growth over grades Many exercises prompts and attempts at thinking found in the book can be easily adapted for use both in and out of the classroom Whether you are a new or experienced teacher Write Think Learn will enable you to make writing come alive for all your students
