Prisms Studies In Contemporary German Social Thought:

Prisms Theodor W. Adorno, 1981 Essays on Veblen Huxley Benjamin Bach Proust Schoenberg Spengler jazz Kafka Jacket subtitle *Civil Society and Political Theory* Jean L. Cohen, Andrew Arato, 1994-03-29 In this first serious work on the theory of civil society to appear in many years Jean Cohen and Andrew Arato contend that the concept of civil society articulates a contested terrain in the West that could become the primary locus for the expansion of democracy and rights In this major contribution to contemporary political theory Jean Cohen and Andrew Arato argue that the concept of civil society articulates a contested terrain in the West that could become a primary locus for the expansion of democracy and rights Utopia Between East and West in Hungarian Literature Zsolt Czigányik, 2023-01-01 This book focuses on the most important utopian and dystopian literary texts in nineteenth and twentieth century Hungarian literature and therefore widens the scope of the traditionally Anglophone canon Utopian studies is becoming increasingly interdisciplinary and this research integrates literary hermeneutics with ideas and methods from political science and the history of ideas In doing so it argues that Hungarian utopianism was influenced by the region's and Hungarian culture's position of permanent liminality between Western and Eastern European patterns of power structures social and political order After a thorough methodological introduction some early modern texts written in Hungary are discussed while the detailed analyses focus on nineteenth century texts written by Bessenyei Madách and Jókai whereas the twentieth century is represented by Karinthy Babits and Szathmari In the interpretations the results of contemporary scholarship is applied particularly the works of Lyman Tower Sargent Gregory Claeys and Fátima Vieira **Quasi Una Fantasia** Theodor Adorno, 2012-01-16 This collection covers a wide range of topics from a moving study of Bizet's *Carmen* to an entertainingly caustic exploration of the hierarchies of the auditorium Especially significant is Adorno's dialectical portrait of Stravinsky in which Adorno both reconsiders and refines his damning indictment of the composer in *Philosophy on Modern Music* Throughout Adorno is sustained by the conviction that music is supremely human because it is capable of communicating inhumanity while resisting it His belief in the benevolent and transformative power of music reverberates throughout these writings **The Bloomsbury Handbook of Rock Music Research** Allan Moore, Paul Carr, 2020-07-09 The Bloomsbury Handbook of Rock Music Research is the first comprehensive academic survey of the field of rock music as it stands today More than 50 years into its life and we still ask what is rock music why is it studied and how does it work both as music and as cultural activity This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more The text is divided into four major sections practice of rock analysis performance and recording theories business of rock and social and culture issues Each chapter combines two approaches providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions

Faulkner and Film Peter Lurie, Ann J. Abadie, 2014-09-18 Considering that he worked a stint as a screenwriter it will come as little surprise that Faulkner has often been called the most cinematic of novelists Faulkner's novels were produced in the same high period as the films of classic Hollywood a reason itself for considering his work alongside this dominant form Beyond their era though Faulkner's novels or the ways in which they ask readers to see as well as feel his world have much in common with film That Faulkner was aware of film and that his novels own thinking betrays his profound sense of the medium and its effects broadens the contexts in which he can be considered In a range of approaches the contributors consider Faulkner's career as a scenarist and collaborator in Hollywood the ways his screenplay work and the adaptations of his fiction informed his literary writing and how Faulkner's craft anticipates intersects with or reflects upon changes in cultural history across the lifespan of cinema Drawing on film history critical theory archival studies of Faulkner's screenplays and scholarship about his work in Hollywood the nine essays show a keen awareness of literary modernism and its relation to film

The Witness and the Body in Auschwitz Bozena Karwowska, 2023-10-16 *The Witness and the Body in Auschwitz* Early Literary Accounts of the Camp Experience examines bodily descriptions from early testimonies of concentration camp survivors focusing on questions related to meanings of corporeality as well as to Holocaust researchers and links the discourse of the body with a social cartography of the Auschwitz camp complex The heart of the book is comprised of memory based texts written by survivors in the early years after the war The early texts discussed were written in Polish and while some became internationally recognized others remain virtually unknown especially outside of Poland These early memoirs and literary works help navigate the space of the Auschwitz camp complex from the perspective of the victims based on their experiences and decipher those areas devoid of narratives spaces of total annihilation Literary accounts and early testimonies allow us to map the space of the camp differently than through the documents produced by the Nazi perpetrators Such a social cartography also includes specific gendered differences and allows Karwowska to critically analyze sensitive questions related to the body gender and sexuality of a prisoner

Artful Breakdowns Georgiana Banita, Lee Konstantinou, 2023-03-02 Contributions by Georgiana Banita Colin Beineke Harriet Earle Ariela Freedman Liza Futerman Shawn Gilmore Sarah Hamblin Cara Koehler Lee Konstantinou Patrick Lawrence Philip Smith and Kent Worcester A carefully curated wide ranging edited volume tracing Art Spiegelman's exceptional trajectory from underground rebellion to mainstream success *Artful Breakdowns* The Comics of Art Spiegelman reveals his key role in the rise of comics as an art form and of the cartoonist as artist The collection grapples with Spiegelman's astonishing versatility from his irreverent underground strips influential avant garde magazine RAW the expressionist style of the comics classic *Maus* the illustrations to the Jazz Age poem *The Wild Party* and his response to the September 11 terrorist attacks to his iconic cover art for the New Yorker his children's books and various cross media collaborations The twelve chapters cut across Spiegelman's career to document continuities and ruptures that the intense focus on *Maus* has obscured yielding an array of original readings

Spiegelman's predilection for collage improvisation and the potent protest of silence shows his allegiance to modernist art. His cultural critique and anticapitalist antimilitary positions shed light on his vocal public persona while his deft intertextual strategies of mixing media archives from comics to photography and film amplify the poignance of his works. Developing new approaches to Spiegelman's comics such as the publication history of *Maus*, the history of immigration and xenophobia and the cartoonist's elevation of children's comics, the collection leaves no doubt that despite the accolades his accessible comics have garnered, we have yet to grasp the full range of Spiegelman's achievements in the realm of comics and beyond.

A Case for Teaching Literature in the Secondary School Janet Alsup, 2015-04-17 Taking a close look at the forces that affect English education in schools at the ways literature, cognitive science, the privileging of the STEM disciplines and current educational policies are connected, this timely book counters with a strong argument for the importance of continuing to teach literature in middle and secondary classrooms. The case is made through critical examination of the ongoing culture wars between the humanities and the sciences, recent research in cognitive literary studies demonstrating the power of narrative reading and an analysis of educational trends that have marginalized literature teaching in the U.S. including standards-based and scripted curricula. The book is distinctive in presenting both a synthesis of arguments for literary study in the middle and high school and sample lesson plans from practicing teachers exemplifying how literature can positively influence adolescents' intellectual, emotional and social selves.

Mediterranean Modernisms Marinos Pourgouris, 2016-04-22 Engaging with the work of Nobel Prize-winning poet Odysseus Elytis within the framework of international modernism, Marinos Pourgouris places the poet's work in the context of other modernist and surrealist writers in Europe. At the same time, Pourgouris puts forward a redefinition of European Modernism that makes the Mediterranean and Greece, in particular, the discursive contact zone and incorporates neglected elements such as national identity and geography. Beginning with an examination of Greek Modernism, Pourgouris's study places Elytis in conversation with Albert Camus, analyzes the influence of Charles Baudelaire, Gaston Bachelard and Sigmund Freud on Elytis's theory of analogies, traces the symbol of the sun in Elytis's poetry by way of the philosophies of Heraclitus and Plotinus, examines the influence of Le Corbusier on Elytis's theory of architectural poetics and takes up the subject of Elytis's application of his theory of Solar Metaphysics to poetic form in the context of works by Freud, C. G. Jung and Michel Foucault. Informed by extensive research in the United States and Europe, Pourgouris's study makes a compelling contribution to the comparative study of Greek modernism, the Mediterranean and the work of Odysseus Elytis.
