Secrets Of The Sands The Revelations Of Egypt:

Early Christianity at Amheida (Egypt's Dakhla Oasis), A Fourth-Century Church Nicola Aravecchia, 2024-09-10 An archaeological historical and art historical study of a remarkable early church excavated at Amheida in Egypt's Dakhla Oasis Early Christianity at Amheida Egypt's Dakhla Oasis A Fourth Century Church Volume 1 The Excavations is an archaeological historical and art historical study of a remarkable basilica church excavated at Amheida in Dakhla Oasis This church excavated between 2012 and 2023 dates to the fourth century CE and therefore is among the earliest purpose built churches in Egypt It also contains one of the oldest if not the oldest excavated Christian funerary crypts in the country The church at Amheida thus offers a wealth of new data on early Christianity in Egypt particularly with respect to the earliest phases of Christian art and architecture and burial customs Aravecchia presents a systematic treatment of the stratigraphy building techniques materials features architecture decoration and finds of the church carefully contextualized in the early Christianity of the late antique Great Oasis and Egypt more broadly Isis on the Nile. Egyptian Gods in Hellenistic and Roman Egypt, 2010-12-17 The diffusion of the cults of Isis is recently again intensively studied Research on this fascinating phenomenon has traditionally been characterised by its focus on Egypt while developments in Hellenistic and Roman Egypt itself were often seen as belonging to a different domain This volume tries to overcome that unhealthy dichotomy by studying the cults of Isis in Hellenistic and Roman Egypt itself in relation to developments in the Mediterranean at large The book not only presents an overview of the most important deities often based on new or unpublished material but also pays ample attention to the cultural processes behind Isis on Nile like relations between style and identity religious choice social and cultural memory and Egypt's view of its own past **Secrets of the Sands** Harry Thurston, 2004 Amid a sea of sand in a part of Egypt so parched that decades pass between rain storms a green island may contain the whole of human history It is called Dakhleh the ever lasting oasis and it holds a rich trove of archaeological clues In **Secrets of the Sands** acclaimed science writer and journalist Harry Thurston follows an international team of archaeologists as they unlock secrets of nearly half a million years secrets that may overturn commonly held notions about where and with whom lies the cradle of Egyptian civilization Over the course of a thirty year dig the team has discovered a perfect Old Kingdom town with buildings ranging from palaces to common bakeries the oldest monumental architecture in Egypt older even than the earliest of the pyramids an archive of 10 000 papyri huge caches of mummies some still covered in ancient gold foil an entire Roman city a desert Pompeii swallowed up by shifting sands and the world's two oldest books their pages of thin wood still bound together with age old string Perhaps most impressive of all is that these discoveries occurred in a single magical place where it is possible to trace human habitation back more than 400 000 years before the advent of modern Homo sapiens **'Ain el-Gedida** Nicola Aravecchia, 2019-03-01 The fourth volume in the Amheida series **Ain el Gedida** 2006 2008 Excavations of a Late Antique Site in Egypt's Western Desert Amheida IV presents the systematic record

and interpretation of the archaeological evidence from the excavations at Ain el Gedida a fourth century rural settlement in Egypt's Dakleh Oasis uniquely important for the study of early Egyptian Christianity and previously known only from written sources Nicola Aravecchia Washington University the Deputy Field Director of NYU's Amheida Excavations offers a history of the site and its excavations followed by an integrated topographical and archaeological interpretation of the site and its significance for the history of Christianity in Egypt In the second half of the volume a team of international experts presents catalogs and interpretations of the archaeological finds including ceramics Delphine Dixneuf CRNS coins David M Ratzan NYU ostraca and graffiti Roger S Bagnall NYU and Dorota Dzierzbicka University of Warsaw small finds Dorota Dzierzbicka University of Warsaw and zooarchaeological remains Pamela J Crabtree NYU and Douglas Campana

[Readings in Oriental Literature](#) Jalal Uddin Khan, 2015-02-05 Readings in Oriental Literature Arabian Indian and Islamic is an up to date elucidation of some diverse and discrete yet common and classic subjects and authors and the distinctive oriental elements present in them The book composed of fourteen essays includes ancient Arabian poetry the Arabian Nights the Arabian desert the Arabian influence on Melville

Shelley's Orientalia Coleridge's Kubla Khan the influence of English Romantics on the Bengali Tagore Bangladesh's national anthem and her exiled daughter Taslima Nasreen the Victorian reaction to British India religious diversity and Islam in the West the Muslim East in English literature and reading literature from an Islamic point of view Marked by an originality of approach and a freshness and simplicity the book takes note of contemporary theoretical interdisciplinary and cultural discourse drawn from literature history politics and religion as necessary However it is far from being unnecessarily weighed down by the loaded clichés oft repeated jargon and overused euphemisms of modern literary or critical theory The result is regardless of its specialized treatment of otherwise commonplace or well known texts or topics that the overall discussion is as lucid introductory and expository as it is deep and scholarly making the book accessible and understandable to non specialist readers in addition to specialist researchers and academics

Illuminating the Secret Revelation of John

Shirley Paulson, 2022-04-18 Buried for more than a thousand years in the sands of Egypt the Secret Revelation of John has stayed a secret far longer than it should have Even now more than seventy five years after its discovery in 1945 it eludes easy understanding even as it shines with the message of God's loving presence amid suffering and violence Illuminating the Secret Revelation of John is the first study written for the curious public as well as for scholars who have not yet plumbed its depths The ancient Secret Revelation of John unearths three gems of healing wisdom that have been encrusted in a millennium of doubt and theological limitation This new work explores the many facets of these gems with a historical setting and background a contemporary paraphrase and a study section that invites pondering of and conversation about new questions to explore

Egyptian Origin of the Book of Revelation John H. C. Pippy, 2011-12-27 This in depth treatise presents conclusive evidence for an extremely close relationship between ancient Egyptian religious beliefs and the Book of Revelation Practically all characters scenes and series of scenes found in Revelation have parallels in mainstream Egyptian sources including the Book of the Dead the Amduat Book of Gates Book of Aker Books of the Heavens and others Parallel characters include Egypt's Apophis as Revelation's Satan while situations and activities in scenes include the judgment scene and singers by a lake of fire Parallel sequences of scenes include those found in the 2nd to 12th Divisions of the Book of Gates and most of Revelation's Chapters 15-21 Allusions to the Book of Dead are common Finally a key conclusion the entire structure of the Book of Revelation can be accounted for in the organization of text and paintings on the walls and ceilings of the tomb of Ramesses VI in Egypt's Valley of the Kings Fully referenced to enable critical review See revorigin.com

The First Revelation : Unveiling historical secrets Saheem Haris, The First Revelation is a theological quest through historical timelines in an attempt to unearth some of the most enigmatic past events that have been kept buried by the acts of various corrupt rulers and religious institutions The book also makes an effort to tackle some of the fundamental questions that arise in the minds of individuals during their spiritual journeys for which they are forced to rely on modified and mistranslated versions of ancient religious scriptures The author hopes that this book will play a role in bringing the people

of this planet plagued by extensive religious conflicts back together under the true belief in the same God who ironically became the root cause of all outbursts of violence **Thebes and Beyond** Salima Ikram,Zahi A. Hawass,2010
