

RETHINKING INTERNATIONAL **DEVELOPMENT** SERIES

The background of the cover is a close-up, slightly angled view of a computer keyboard. The keys are a mix of light and dark grey. Overlaid on this background are three toy soldiers. Two are light grey and are positioned on the left side, appearing to be in a combat stance. A third soldier, colored green, is partially visible behind them. On the right side, another light grey toy soldier stands facing left, holding a small object in its hand. The overall theme suggests a connection between technology (the keyboard) and military/security (the soldiers).

THE SECURITIZATION OF FOREIGN AID

Securitization Foreign Rethinking International Development:

The Securitization of Foreign Aid Stephen Brown, Jörn Grävingholt, 2016-02-17 Security concerns increasingly influence foreign aid how Western countries give aid to whom and why With contributions from experts in the field this book examines the impact of security issues on six of the world's largest aid donors as well as on key crosscutting issues such as gender equality and climate change

Nigerian Foreign Policy 60 Years After Independence Usman A. Tar, Sharkdam Wapmuk, 2023-01-30 This book covers critical issues in Nigeria's external relations since 1960 As an independent nation Nigeria has stood out as the most populous black country in the world and contributed immensely to the search for solutions to pressing international issues notably in Africa affairs Nigeria has also participated actively in global affairs and used the platform of international organisation to advance her national interests cognisant also of its regional and global obligations and responsibilities Contributors to this thought provoking book make a strong case for Nigeria to press for a foreign policy that puts Nigerian people at the centre One of the strong points also emanating from the contributors of this book is the imperative for Nigeria to address domestic challenges that continue to impinge on the country's external image

Human Rights and U.S. Foreign Policy Clair Apodaca, 2019-05-08 Human Rights and U S Foreign Policy provides a comprehensive historical overview and analysis of the complex and often vexing problem of understanding the formation of U S human rights policy The proper place of human rights and fundamental freedoms in U S foreign policy has long been debated among scholars politicians and the American public Clair Apodaca argues that the history of U S human rights policy unfolds as a series of prevarications that are the result of presidential preferences along with the conflict and cooperation among bureaucratic actors Through a series of chapters devoted to U S presidential administrations from Richard Nixon to the present she delivers a comprehensive historical social and cultural context to understand the development and implementation of U S human rights policy For each administration she pays close attention to how ideology bureaucratic politics lobbying and competition affect the inclusion or exclusion of human rights in the economic and military aid allocation decisions of the United States She further demonstrates that from the inception of U S human rights policy presidents have attempted to tell only part of the truth or to reformulate the truth by redefining the meaning of the terms human rights democracy or torture for example In this way human rights policy has been about prevarication Human Rights and U S Foreign Policy is a key text for students which will appeal to all readers who will find a historically informed argument driven account of the erratic evolution of U S human rights policy since the Nixon Administration

Regionalism in Africa and External Partners Johannes Muntschick, 2022-10-06 This volume offers systematic research on regionalism in Africa and explores the role and impact of external partners on the dynamics institutional design and performance of regional integration projects It acknowledges and elaborates the multilevel and multidimensional nature of regionalism with its variety of cooperative institutions and policy areas while closely considering uneven relationships to external actors in

African regional organizations The book's two comprehensive mapping studies examine patterns of asymmetric interdependence between regionalism in Africa and external partners in Europe with a focus on trade and donor funding and highlight structural imbalances and unintended consequences Five additional case studies provide in-depth analyses of a variety of African regional organizations mainly with a focus on security regionalism and elaborate how external partners influence and affect integration processes and projects Although regionalism in Africa benefitted from external relations and partnerships with Europe contributions in this volume question this positive impression highlighting some of the major undermining factors and actors

Rethinking Canadian Aid Stephen Brown, Molly den Heyer, David R. Black, 2016-06-09 In 2013 the government abolished the Canadian International Development Agency CIDA which had been Canada's flagship foreign aid agency for decades and transferred its functions to the newly renamed Department of Foreign Affairs Trade and Development DFATD As the government is rethinking Canadian aid and its relationship with other foreign policy and commercial objectives the time is ripe to rethink Canadian aid more broadly Edited by Stephen Brown Molly den Heyer and David R. Black this revised edition not only analyzes Canada's past development assistance it also highlights important new opportunities in the context of the recent change in government Designed to reach a variety of audiences contributions by twenty scholars and experts in the field offer an incisive examination of Canada's record and initiatives in Canadian foreign aid including its relatively recent emphasis on maternal and child health and on the extractive sector as well as the longer term engagement with state fragility The portrait that emerges is a sobering one This book is essential reading for anyone interested in Canada's changing role in the world Published in English

The Russia-Ukraine War from an African Perspective Artwell Nhemachena, 2023-09-30 In the Russia-Ukraine war attention has been focused on the Special Military Operation This book argues that there are many other special operations in various other arenas in the world that deserve equal and urgent attention Connecting special military operations to what it calls special economic operations special cultural operations special technological operations special sexual operations and special political operations the book argues that special operations are not exclusive Also drawing on

topical debates about technoscience the book critically examines invasive technologies in relation to bodily autonomy integrity and privacy and it urges scholars and thinkers to compare these invasive technological operations to invasive special military operations The book grapples with the future of humanity in a world where the human is decentred even as the world is witnessing the proliferation of resource wars The book is relevant for scholars in anthropology sociology politics government studies international relations history media studies science and technology studies and disaster management

Rethinking Canadian Aid Stephen Brown, Molly Den Heyer, David R. Black, 2017-09-26 In 2013 the government abolished the Canadian International Development Agency CIDA which had been Canada's flagship foreign aid agency for decades and transferred its functions to the newly renamed Department of Foreign Affairs Trade and Development DFATD

Handbook of Aid and Development Raj M. Desai, Shantayanan Devarajan, Jennifer L. Tobin, 2024-06-05 With intellectual rigour the Handbook of Aid and Development not only critically examines the relationship between aid and development but also discusses recent trends within the field and judiciously considers its future prospects

Securitizing Global Warming Delf Rothe, 2015-11-19 This book explores the reasons for a recent securitization of climate change and reveals how the understanding of climate change as a security threat fuels resilience as a contemporary political paradigm Since 2007 political and public discourse has portrayed climate change in terms of international or national security This increasing attention to the security implications of climate change is puzzling however given the fact that linkages between climate change and conflict or violence are heavily disputed in the empirical literature This book explains this trend of a securitization of global warming and discusses its political implications It traces the actor coalition that promoted the idea of climate change as a security issue and reveals the symbols narratives and storylines that make up this discourse Drawing on three detailed case studies at the international level of the United Nations the regional level of the Euro Mediterranean and the national level of the UK the book reveals how climate change is turned into a non linear and unpredictable threat The resulting complexity discourse prevents the adoption of any exceptional measures and instead presents resilience as the only way to cope with the climate threat This book shows that we can only grasp the complexity of the securitization process and its implications in the climate change case by comparing it at different political levels over a longer period By developing a securitization framework the book makes an important contribution to the ongoing debate on security and resilience in critical security studies This book will be of much interest to students of critical security studies resilience environmental studies global governance and IR in general
