

Self-ownership, freedom, and equality

In this book G. A. Cohen examines the libertarian principle of self-ownership, which says that each person belongs to himself and therefore owes no service or product to anyone else. This principle is used to defend capitalist inequality, which is said to reflect each person's freedom to do as he wishes with himself.

The author argues that self-ownership cannot deliver the freedom it promises to secure. He thereby undermines the idea that lovers of freedom should embrace capitalism and the inequality that comes with it. He goes on to show that the standard Marxist condemnation of exploitation implies an endorsement of self-ownership, since, in the Marxist conception, the employer steals from the worker what should belong to her, because she produced it. Thereby a deeply egalitarian notion has penetrated what is in aspiration an egalitarian theory. Purging that notion from socialist thought, he argues, enables construction of a more consistent egalitarianism.

Self-Ownership, Freedom, and Equality Chichele Professor of Social and Political Theory Oxford University and Fellow G A Cohen, Cohen G a, 2014-05-18 In this book G A Cohen examines the libertarian principle of self ownership which says that each person belongs to himself and therefore owes no service or product to anyone else This principle is used to defend capitalist inequality which is said to reflect each person s freedom to do as as he wishes with himself The author argues that self ownership cannot deliver the freedom it promises to secure thereby undermining the idea that lovers of freedom should embrace capitalism and the inequality that comes with it He goes on to show that the standard Marxist condemnation of exploitation implies an endorsement of self ownership since in the Marxist conception the employer steals from the worker what should belong to her because she produced it Thereby a deeply inegalitarian notion has penetrated what is in aspiration an egalitarian theory Purging that notion from socialist thought he argues enables construction of a more consistent egalitarianism

Self-Ownership, Freedom, and Equality G. A. Cohen, 1995-10-26 Defenders of capitalism claim that its inequality is the necessary price of the freedom that it guarantees In that defense of capitalist inequality freedom is self ownership the right of each person to do as he wishes with himself The author shows that self ownership fails to deliver the freedom it promises to secure He thereby undermines the idea that lovers of freedom should embrace capitalism and the inequality that comes with it In the final chapter he reaffirms the moral superiority of socialism against the background of the disastrous Soviet experiment

The Trauma of Doctrine Paul Maxwell, 2021-01-12 The Trauma of Doctrine is a theological investigation into the effects of abuse trauma upon the experience of Christian faith the psychological mechanics of these effects their resonances with Christian Scripture and neglected research informed strategies for cultivating post traumatic resilience Paul Maxwell examines the effect that the Calvinist belief can have upon

the traumatized Christian who negatively internalizes its superlative doctrines of divine control and human moral corruption and charts a way toward meaningful spiritual recovery *The Broadview Anthology of Social and Political Thought - Volume 2: The Twentieth Century and Beyond* Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2008-09-12 The second volume of this comprehensive anthology covers the twentieth and early twenty first centuries The anthology is broad ranging both in its selection of material by figures traditionally acknowledged as being of central importance and in the material it presents by a range of other figures The material in this volume is presented in three sections The first Power and the State includes selections by such figures as Goldman Lenin Weber Schmitt and Hayek Among those included in the Race Gender and Colonialism section are de Beauvoir Gandhi Fanon and Young The third and by far the longest section Rights Based Liberalism and its Critics focuses on the many interrelated directions that social and political philosophy has taken since the publication of John Rawls s ground breaking *A Theory of Justice* in 1971 In order to better meet the needs of today s students the editors have made every effort to include accurate and accessible translations of the readings Additionally every selection has been painstakingly annotated and each figure is given a substantial introduction highlighting her or his major contributions within the tradition For figures of central importance the editors have included extended introductions that place the figure in the context of intellectual history as well as of political thought In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the volume s development many of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits The Broadview Anthology of Social and Political Thought sets the new standard for social and political philosophy instruction *Encyclopedia of Business Ethics and Society* Robert W. Kolb, 2008 This encyclopedia spans the relationships among business ethics and society with an emphasis on business ethics and the role of business in society *Lockean Property Ethics and Restitution* David Jarrett, 2022-07-20 In this book David Jarrett argues that the influential Lockean thesis of justice in property which traces back to John Locke seems to entail much egalitarian property redistribution Put briefly Lockeans argue that people justly own 1 any unowned natural resources they labour on 2 any resources they receive via voluntary transfer from a legitimate owner and 3 any resources they legitimately receive in compensation for harm done to their person or legitimately held property However a question that has been largely overlooked by Lockeans is how to address the problem of property which did not arise in line with Lockean justice What do we do about property which derives from feudal and colonial conquest for example Drawing on a range of theoretical and historical sources this book argues that the legal concept of restitution is the most reasonable way to address the problem If we apply this concept it appears that much property in the world is held unjustly and should be redistributed in an egalitarian manner Lockean Property Ethics and Restitution will be of interest to political theorists and philosophers alike *Balancing Reasonable Justice* Ville Päivänsalo, 2016-04-15 John Rawls s pioneering work of political philosophy A

Theory of Justice has had far reaching influence on modern liberal political philosophy Rawls principles of justice as fairness the principle of liberty the principle of fair equality of opportunity and the famous difference principle have been both heavily criticized and incorporated into other political theories In this book Pivnsalo both presents a deep analysis of the whole Rawlsian canon and builds upon and goes beyond Rawls's conception by introducing a fresh theoretical framework to clarify and modify different balances of the elements of Rawlsian justice Justice as fairness is analyzed into its parts and elements critically examined to find the strongest most favourable interpretations of each principle and in this light the principles are reconstructed and rebalanced in such a way as to resist the most significant criticisms of the Rawlsian project

Multidisciplinary Economics Piet Keizer, 2015 Discusses a series of orthodox and heterodox economic sociological and psychological approaches and analyses Explains how orthodox economics has developed a so called economic world and constructs a methodologically comparable sociological and psychological world
