Secrets Of A Fallen World:

Dostoevsky's Secrets Carol Apollonio Flath, 2009-01-14 When Fyodor Dostoevsky proclaims that he is a realist in a higher sense it is because the facts are irrelevant to his truth And it is in this spirit that Apollonio approaches Dostoevsky's work reading through the facts the text of his canonical novels for the deeper truth that they distort mask and ultimately disclose This sort of reading against the grain is Apollonio suggests precisely what these works with their emphasis on the hidden and the private and their narrative reliance on secrecy and slander demand In each work Apollonio focuses on one character or theme caught in the compromising self serving or distorting narrative lens Who she asks really exploits whom in *Poor Folk* Does *White Nights* ever escape the dream state What is actually lost and what is won in *The Gambler* Is Svidrigailov of such ill repute in *Crime and Punishment* in fact an exemplar of generosity and truth Who in *Demons* is truly demonic Here we see how Dostoevsky has crafted his novels to help us see these distorting filters and develop the critical skills to resist their anaesthetic effect Apollonio's readings show how Dostoevsky's paradoxes counter and usurp our comfortable assumptions about the way the world is and offer access to a deeper immanent essence His works gain power when we read beyond the primitive logic of external appearances and recognize the deeper life of the text [The Secret History of the World](#) Jonathan Black, Quercus, 2013-05-30 THE INTERNATIONAL BESTSELLER The complete history of the world from the beginning of time to the present day based on the beliefs and writings of the secret societies Jonathan Black examines the end of the world and the coming of the Antichrist Or is the Antichrist already here How will he make himself known and what will become of the world when he does Will it be the end of Time Having studied theology and learnt from initiates of all the great secret societies of the world Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness This history shows that by using secret techniques people such as Leonardo da Vinci Isaac Newton and George Washington have worked themselves into this altered state and have been able to access supernatural levels of intelligence This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself It will open your mind to a new way of living and leave you questioning everything you have been taught and everything you've taught your children *The Secret to Fruitful Life* Samuel Stone, 2007-08 We are created to be fruitful A fruitful life according to Jesus is the present manifestation of the future kingdom of heaven Until we discover how we can be fruitful nothing will give us true satisfaction and fulfillment In his famous Sermon on the Mount Jesus revealed the secret to fruitful life and disclosed its path in his teaching of the Beatitudes Few people realize that Jesus was using the Beatitudes to reveal to us the process of significant personal and social transformation that leads us to fruitfulness In this book we are not only going to unwrap but also embody this top secret of life delivered to us by Jesus Christ We will journey through the eight progressive steps of personal and social transformation and continue on an upward spiral of a fruitful life Samuel M Stone is the pastor of Trinity
